EARTH TREMORS STILL SHAKING TOKIO, JAPAN

CONFLAGRATION RAGED 72 HOURS, STOPPED BY RAIN

YOKOHAMA WAS UTTERLY ANNIHILATED BY FLAMES, DEAD BODIES EVERYWHERE

LOSS WILL MOUNT INTO BILLIONS OF DOLLARS, THOUSANDS OF DEAD AND INJURED

(By United Press)
Tokio, Sept. 6.—Earth tremors are still shaking Tokio. The rain has stopped the great conflagration which swept the capital unchecked for 72 hours.

Yokohama was utterly annihilated by the flames, and the devastated areas are filled with dead bodies.

The loss will mount into billions of dollars, while the dead and injured will total thousands.

Charred ruins and fragments cover the site of once thriving cities and towns throughout the earthquake zone, which presents a scene of utter destruction.

MERCIFUL RAIN FALLS ON TOKIO

(By Staff Correspondent of the United Press and Osaka Mainichi)
(Copyright 1923 by United Press)
(Copyright in Canada and Great Britain.)

Tokio, Sept. 6. (By courier).—A merciful rain has fallen upon Tokio. Like an angry beast resisting efforts to drive it from a bloody feast of human bodies and habitations, the great fire which had swept the city for three days and three nights, hissing and enveloping the city in clouds of steam, has finally died down. This enables the work of rescue to proceed in a more orderly fashion, and scores of injured are being taken to relief stations.

Wild, weird and fantastic are the scenes as the people of the city endeavor to adjust themselves to the scenes of disaster.

Slender youths walk through the streets, carrying big Japanese swords, helping the police in maintaining order and assisting in the search for bodies. The stench of corpses is becoming almost unbearable. Dead litter the streets in some sections. In the ruins of burned houses are half incinerated bodies.

Soldiers have taken over the task of endeavoring to save the city from the consequent disease that might naturally follow such conditions. Burials are impossible, and soldiers are putting their efforts toward hastening cremations.

American Ambassador Woods and other foreign representatives and their staffs whose embassies and legations were destroyed or damaged were being furnished temporary offices in the British embassy.

Shocks Numbered 612
Correspondents are co-operating with Japanese officials in making a complete check of affairs. Indications show that there were 612 separate shocks felt in Tokio from noon Saturday to 6 a. m. Monday.

The Dutch, Spanish and Swiss embassies were destroyed.

But three casualties are reported in the diplomatic corps. The Italian ambassador was reported killed, the American military attaché and the secretary of the German embassy are reported without confirmation to have been killed when a train was thrown from the rails between Oiso and Radatk.

(Note: Ambassador Woods reports all members of the American embassy staff safe, and the foregoing may have been dispatched prior to Woods.)

This information further stated that 250,000 houses in Tokio were destroyed. These houses were destroyed by the fire which followed the quake rather than by the quake proper.

The imperial library, containing half a million books of incalculable value was burned. The British embassy was only slightly damaged.

One of the most dramatic installations of Japanese premiers in history took place on the lawn in front of

Extending Tourist Season in Brainerd Region

* STATEMENT ABOUT VET COLONY HELD UNFAIR, EX-SERVICE MEN SAY *

Minneapolis, Sept. 6.—Charges that former service men are receiving unfair treatment at Veteransville, Minn., have originated with "publicity seeking inspecting committees" and "job hunting politicians," according to a statement issued by veterans of that community.

The ex-service men who are taking up farming there assert that the statements made about Veteransville are misleading and unfair.

The statement is signed by 21 veterans of the community.

Akasaka palace while the fire was still burning and the streets trembled with recurrent shocks.

Premiere Yamamoto stood on the lawn with his cabinet around him for the ceremony. The prince regent was present. The party did not dare go inside the palace owing to the danger of its collapse before being fired.

But with the city in flames about them the members of the new government were administered their oaths and turned to the great task before them.

The first cabinet meeting was held Sunday night.

The meeting began beneath a sky red with the glow of the great fires. Premier Yamamoto and his advisors discussed measures of relief and rehabilitation. The ministers had dinner with the premier following the conference. The menu was simple in the extreme. The premier's guests had plain cooked rice and pickled plums. This is the same food that refugees of Tokio's stricken areas are eating.

Meantime reports of disaster after disaster came in to government leaders.

Thousands of refugees rushed to the river and crowded bridges. The weight proved too much for one bridge. It was filled to capacity and collapsed. Two thousand persons, it was estimated were on it. A large part of the crowd was believed to have been drowned. Women and children, torn from their families, ran shrieking along the stream. Hysterical women and children dashed maddened through the streets.

Immediately after fires sprang up in every direction. Not less than 15 big blazes were counted breaking out simultaneously.

As Saturday and Sunday passed and the fires continued the smell of burning human flesh permeated the air. The stench from the unheeded bodies, the scenes of dead littering the streets, the cries of the wounded, the pleas of the dying, touched the senses of those who saw them throughout the smoky city in a way they can never forget. It is now established that Baron Matsukata, former minister of justice, was killed. Dr. Sonada, one of the country's leading financiers, also perished. Prince Shimadzu was crushed to death.

Telephone and telegraph communication between Tokio and Osaka is now partially restored.

A special relief bureau has decided to care for refugees from outlying villages on the grounds of the imperial palace. All military drill grounds will be used for refugee centers. Food was ordered placed at the disposal of foreign refugees.

Many of the foreign survivors are now endeavoring to reach Kobe. It is estimated that 1,000 have already reached there and more are due today. A large number of the foreigners are destitute, and many are injured.

A semblance of order has not been obtained. The populace is still stricken with terror and fear of fresh outbreaks.

The city for days has been filled with wild rumors of further disaster. Refugees filled the city following the disaster.

The wounded are now being cared for in the imperial palace and other relief centers. Soon after the first shock the crowd began moving in

1 KILLED, 2 HURT IN AUTO RACES AT THE STATE FAIR

OWEN B. VAN DRAKE, DRIVING
REBUILT FORD, CRUSHED
SKULL ON WALL

JOSEPH LEHMAN WAS FATALLY
BURNED WHEN HIS CAR
STRUCK INNER WALL

(By United Press)
St. Paul, Sept. 6.—One man was killed and two injured late yesterday at the Minnesota State Fair automobile races.

Owen B. Van Drake, 31, of St. Paul, driving a rebuilt Ford, was almost instantly killed when his car overturned against the railing on a turn, throwing him against a concrete retaining wall. Drake suffered a crushed skull.

Joseph Lehman, 31, of Minneapolis was perhaps fatally burned when his car crashed through the inner wall. As he struck the heavy timbers the car burst into flames.

The third accident came later in the auto polo contest when Walter Sterling of Wichita, Kan., was pinned underneath his mount. Sterling's car was struck, but none of the other cars turned over. Sterling suffered severe bruises about the body and perhaps is injured internally.

2 EVENTS CANCELLED IN SATURDAY PROGRAM

St. Paul, Sept. 6.—The Minnesota State Fair Board today announced cancellation of two events scheduled in Saturday's automobile race program.

This decision was reached, it was said, after yesterday's accidents to two amateur drivers. The two races cancelled are of a similar class with those of yesterday's amateur driving. The balance of the automobile race program will be run as scheduled.

The Board, it was announced later, also took action to prevent the inclusion in the future of amateur drivers in fair events.

The events cancelled include the 3 and 10-mile invitations to Minnesota drivers.

RUHR RESISTANCE BELIEVED AT END

Berlin, Sept. 6.—Germany has arrived at the end of her tether so far as her further ability to finance passive resistance is concerned. This is the current impression in banking circles, which expect Germany in the next few days will take the initiative toward proposing that official discussions begun with France and Belgian governments.

That the Ruhr and the Rhineland fight has been lost by the government and the army of German resistors, now is tacitly admitted in political circles, although the press has not yet discussed the situation with which the government is confronted. It is believed, however, that the German editors have been informed by Chancellor Stresemann that the government would seek soon to force a solution of the Ruhr conflict.

The situation in the occupied areas also is steadily becoming worse.

Beauties Arrive For Atlantic City Contest

Atlantic City, N. J., Sept. 6.—Pulchritude from many cities has arrived for the annual intercity beauty tourney, the feature of the annual September Pageant.

Each beauty had an enthusiastic delegation heralding her as the future "Miss America," the title that goes to the winner. The whirl of entertainment started for the entrants the instant they entered the city. Last night the beauties were guests at a ball.

Today, Miss America will be chosen.

* FINAL CONCESSIONS OF HARD COAL MINERS AND OPERATORS DISCUSSED *

(By United Press)
Harrisburg, Pa., Sept. 6.—The final concession of anthracite miners and operators were discussed for more than two and one-half hours today at a meeting between the two parties and Governor Pinchot.

When the session recessed for lunch there was no indication that either side had receded from its position.

The ultimatum of the operators is that settlement must be made on a no more than 10 per cent wage increase basis, the contract shall not run longer than 1925, and the union check-off cannot be granted. Disputed points must be left to arbitration.

The final word of the miners is that day laborers must receive assurances in dollars and cents of how much of an increase they are to receive.

NITROGLYCERINE, TON EXPLODES

ONE MAN KILLED, 6 INJURED, WHEN WAREHOUSE IS DESTROYED

(By United Press)
Martinez, Calif., Sept. 6.—One man was killed, six injured and the nitroglycerine warehouse of the Hercules Powder company destroyed today when a ton of nitroglycerine exploded in the plant at Hercules, a few miles from this city.

The force of the explosion shook the countryside for miles around.

Windows of houses and other buildings near the plant were smashed in.

143 POINTS SERVED BY MOTOR TRUCK LINES

Minneapolis, Sept. 6.—A survey of motor truck lines operating in a 100 mile radius from the truck terminal at 724 First street N., issued by the Minneapolis Traffic association today, showed that 143 points are served by 23 lines. H. H. Archambo, who directed the survey, said that the number of truck lines is the same as last year, but that many more of them are being bonded for accident liability. The survey was made for the purpose of informing shippers on trip schedules and stops.

MARKET REPORT

(By United Press)
South St. Paul Livestock
South St. Paul, Sept. 6.—Estimated receipts at the union stockyards today: Cattle, 2,700; calves, 1,600; hogs, 5,600; sheep, 1,500; cars, 218.
Cattle—Beef steers, \$4.50 to \$12; cows and heifers, \$3 to \$10; canners and cutters, \$2 to \$3; butcher bulls, \$3 to \$4; veal calves, \$4 to \$10; stock feeding steers, \$3 to \$8.75.
Hogs—\$6.50 to \$9.
Sheep—Lambs, \$7.50 to \$12.50; ewes \$1 to \$6.75; wethers, \$5 to \$8.50; yearlings, \$7.50 to \$10; bucks, \$2 to \$3.

Minneapolis Cash Grain
Wheat—No. 1 Dark Northern \$1.18 1/4 to \$1.30 1/4; to arrive, \$1.18 1/4. No. 1 Northern, \$1.17 1/4 to \$1.20 1/4; to arrive, \$1.17 1/4.
Corn—No. 3 Yellow, 82 1/2 c to 83 c.
Oats—No. 3 White, 35 1/4 c to 35 3/4 c; to arrive, 34 1/2 c.
Barley—Choice, 55 c to 57 c.
Rye—No. 2, 65 1/2 c to 66 c; to arrive, 65 1/2 c.
Flaxseed—Fancy, \$2.32 1/2 to \$2.33 1/2; to arrive, \$2.31 1/2.

St. Paul Hay Market
Timothy—No. 1, \$20; No. 2, \$19; No. 3, \$14.
Alfalfa—No. 1, \$25; No. 2, \$23; Standard, \$11.
Clover Mixed—No. 1, \$18; No. 2, \$13.
Midland Hay—No. 1, \$14; No. 2, \$11; No. 3, \$7.

Chicago Potato Market
Chicago, Sept. 6.—Receipts 74 cars. Missouri Round Whites, \$2 to \$2.10. Minnesota Sandland Ohios, partly graded, \$1.25 to \$1.40.

LEAGUE OF NATIONS AVOIDS BREAK WITH ITALY, IS REPORTED

(By United Press)
Geneva, Sept. 6.—The League of Nations council avoided a break with Italy tonight.

After the decision at a private session to reaffirm the council's competence to adjudicate the Italian-Greek dispute, the only other action the council took at the public meeting was to recommend that the council of ambassadors at Paris find a basis for settlement of the Italian demand for reparations for the death of her commissioners at Janina.

The League council, despite pressure by a majority of its members and delegates to the society which had adjourned pending action by the smaller body, did not enter into consideration of whether Italian occupation of Corfu was a violation of the celebrated Article 10.

Answering Mussolini's challenge of incompetency, the council still reserves for the League the right to adjudicate in this matter, but took no action.

**NO ITALIANS PRESENT
AT COUNCIL SESSION**
Geneva, Sept. 6.—The League of Nations council has affirmed its competency to adjudicate the Italian-Greek dispute in face of the Italian threat to leave the League if this is done.

The council met in private this morning with no Italian delegates present.

A decision sustaining the League's competency in the face of Premier Mussolini's threat was announced at a business session of the council called for 5 p. m. for the purpose of adopting resolutions to that effect.

The council's decision means that the League will stand upon its right to enforce the provisions of Article 10 regardless of the size of the nation involved. Mussolini protested that the dignity and honor of Italy were involved and that it was not a matter in which the League was competent to mediate.

If the Italian delegates in Balendra withdraw as threatened, what steps will be taken in the Greek-Italian impasse remains to be seen.

Council members declare the League is voting unanimously in a demand that the council act.

It was said, however, that owing to the attitude of France it is not known whether a resolution establishing the council's competency, will receive a unanimous vote.

The French are inclined to be more sympathetic toward Italy in its view that the Italian-Greek dispute in its entirety may be referred to the council of ambassadors.

The council convened in business session at 5:30 p. m. and immediately took up a discussion of the Italian dispute.

8 KILLED, 14 HURT IN GERMAN TRAIN CRASH

Berlin, Sept. 6.—Eight were killed and 14 injured in a crash of a through express train with the Berlin-Cologne express at Wolmirsters.

* U. S. TORPEDO BOAT DESTROYER IS FIRST TO ARRIVE IN KOBE *

Nagasaki, Sept. 6.—American torpedo boat destroyer 211 has been the first to arrive in Kobe to aid refugees.

The United States shipping board steamer City of Spokane, laden with 6,000 tons of flour, anchored in Kobe, received instructions from the American government to offer the entire cargo for relief of the destitute and will leave for Yokohama today.

HAYES GOES TO REFORMATORY

(From Little Falls Daily Transcript)

Donald A. Hayes, 20-year-old Brainerd man, who confessed to his part in the theft of at least three automobiles in this territory during the past month and implicated two others whom he claims were with him in committing the robberies, appeared before Judge J. A. Roeser at St. Cloud and pleaded guilty to the charge of stealing the Ford coupe belonging to Albert Cravens. This car was stolen here on the night of August 11. Hayes was sentenced to an indeterminate sentence of from one to five years in the state reformatory at St. Cloud and was at once taken to that institution to begin his sentence. He was accompanied to St. Cloud by D. M. Cameron, county attorney, Paul Felix, sheriff, and R. L. Meyers, clerk of court. His father, who came here from Brainerd Saturday, also went with them.

One of the men named by Hayes in his confession—Ted Grest—is already in jail. He was arraigned late Saturday in municipal court and waived examination. He was bound over to the fall term of district court and his bail set at \$1,500. He has so far been unable to furnish bail and is confined in the county jail where he will remain until the November term of court unless bail is secured.

The third man, named by Hayes, has not yet been taken into custody but the authorities in Fargo, Moorhead and the Twin Cities are keeping a close watch for him and his apprehension is expected shortly.

DAMAGES SOUGHT IN TABERT DEATH CASE

Grand Forks, N. D., Sept. 6.—Echoes of the Tabert case which resulted in sweeping prison reforms in Florida a few months ago and the conviction of Walter Higginbotham, convict camp whipping boss, on a murder charge as the result of the death of Martin Tabert, Munich, N. D. boy in a Florida prison camp were heard here.

G. Grimson, Cavalier county attorney, who as a special assistant attorney general for North Dakota, pressed the action in Florida, said that negotiations were under way for settlement in the damage claims for the Tabert family against the Putnam Lumber company, in whose camp Tabert died.

Mr. Grimson said indications point to satisfactory settlement in the near future, but that if the settlement plans fall through he is prepared to bring suit against the company.

STEEL BARGE REACHES WINONA ON TEST TRIP

Winona, Minn., Sept. 6.—The new selfpropelled steel barge, La Crosse, en route from St. Louis to St. Paul, was in Minnesota waters today, on its maiden trip designed to test the possibilities of freight transportation on the upper Mississippi by other than steamship and towboat methods.

The barge docked here an hour late, already 11 days out of St. Louis and continued its journey up-stream. The barge, operated by two men, travels only in the daytime.

J. S. Brodie of St. Paul, president of the River Transit company, owners of the barge, said they expected to operate it at "very low" stages of the river.

HUNTING, FISHING ATTRACT MANY TO THE LAKES HERE

BREEZY POINT LODGE CONTINUES
COMPLETE SERVICE IN
SEPTEMBER

MANY RESORTS BOOKING BUSI-
NESS WELL INTO THE FALL
MONTHS

A tourist season in the Brainerd Lake Region to be of benefit to the resort owner should be one to run full blast June, July, August and September. It is gradually working up to this requirement. This year resorts opened the middle of May and by early June the first wave of tourists started for the lakes.

July and August were very good months, so good in fact that many resorts had to turn away tourists. September, because of the beginning of the school year, causes a diminution of the tourists who are compelled to stay, home on account of school attendance of their hopefuls.

Last year the Brainerd Dispatch and the Civic & Commerce Association championed an extended tourist season to include the glorious months of September and October, when hunting and fishing are at their best, when motoring is a pleasure with cool roads and a minimum of tire and engine upkeep, when the festive mosquito has folded his wings for the year, when all nature gives its autumn, golden-tinted forewell reflected in gilded sunsets.

Last year saw a large influx of sportsmen, fishermen and hunters and they will repeat this year.

Minneapolis Journal Travel and Resort Bureau

Perry S. Williams of the Minneapolis Journal Travel and Resort Bureau states that Minnesota and surrounding resort sections this year are experiencing an actual lengthening in the travel season which is noticeably larger than in previous seasons.

Many resorts are reporting to The Journal Travel and Resort bureau that they have good business booked well into the fall, and with the hunting season to add to the regular touring season there is every evidence that the playtime in this section soon will be a six months season rather than three. The extension of the season alone will mean a huge increase in the monetary value of the tourist crop.

Truman Pierson, general manager of the Mississippi River Scenic Highway, today notified the bureau he had instituted a special fall road reporting system for the bureau because "an extensive survey along its route clearly indicates the outing season can be extended" and that "scores of prospective north country visitors from the states to the south in the Mississippi valley have asked our information bureaus for particulars regarding the northern roads in the fall of the year—are they muddy?—do you have snow early?—is the weather cold?—is fishing good?—what about the hunting?—are the hotels and camp sites still open?"

He has notified all bureaus along his route to report regularly to The Journal bureau. The campaign to increase the flow of fall tourists to this section was opened this week by The Journal from WLAG, when the story of fall touring here was broadcast.

There still is a heavy traffic here in out of state visitors.

At Breezy Point Lodge
At Breezy Point Lodge on Big Pelican Lake, Captain William H. Fawcett has announced that the resort will continue giving complete service in September. This means that the large staff of chef, assisting cooks, waiters, housekeeper, maids, clerks, etc., numbering over 50 people.

LEAGUE OF NATIONS AVOIDS BREAK WITH ITALY, IS REPORTED

COUNCIL'S COMPETENCE TO ADJUDICATE ITALIAN-GREEK DISPUTE REAFFIRMED

ARTICLE 10 TO BE ENFORCED, MUSSOLINI PROTESTS ABOUT ITALY'S DIGNITY

(By United Press)
Geneva, Sept. 6.—The League of Nations council avoided a break with Italy tonight.

After the decision at a private session to reaffirm the council's competence to adjudicate the Italian-Greek dispute, the only other action the council took at the public meeting was to recommend that the council of ambassadors at Paris find a basis for settlement of the Italian demand for reparations for the death of her commissioners at Janina.

The League council, despite pressure by a majority of its members and delegates to the society which had adjourned pending action by the smaller body, did not enter into consideration of whether Italian occupation of Corfu was a violation of the celebrated Article 10.

Answering Mussolini's challenge of incompetency, the council still reserves for the League the right to adjudicate in this matter, but took no action.

NO ITALIANS PRESENT AT COUNCIL SESSION

Geneva, Sept. 6.—The League of Nations council has affirmed its competency to adjudicate the Italian-Greek dispute in face of the Italian threat to leave the League if this is done.

The council met in private this morning with no Italian delegates present.

A decision sustaining the League's competency in the face of Premier Mussolini's threat was announced at a business session of the council called for 5 p. m. for the purpose of adopting resolutions to that effect.

The council's decision means that the League will stand upon its right to enforce the provisions of Article 10 regardless of the size of the nation involved. Mussolini protested that the dignity and honor of Italy were involved and that it was not a matter in which the League was competent to mediate.

If the Italian delegates in Salendra withdraw as threatened, what steps will be taken in the Greek-Italian impasse remains to be seen.

Council members declare the League is voting unanimously in a demand that the council act.

It was said, however, that owing to the attitude of France it is not known whether a resolution establishing the council's competency will receive a unanimous vote.

The French are inclined to be more sympathetic toward Italy in its view that the Italian-Greek dispute in its entirety may be referred to the council of ambassadors.

The council convened in business session at 5:30 p. m. and immediately took up a discussion of the Italian dispute.

8 KILLED, 14 HURT IN GERMAN TRAIN CRASH

Berlin, Sept. 6.—Eight were killed and 14 injured in a crash of a through express train with the Berlin-Cologne express at Wolmstors.

* U. S. TORPEDO BOAT DESTROYER IS FIRST TO ARRIVE IN KOBE *

Nagasaki, Sept. 6.—American torpedo boat destroyer 211 has been the first to arrive in Kobe to aid refugees.

The United States shipping board steamer City of Spokane, laden with 6,000 tons of flour, anchored in Kobe, received instructions from the American government to offer the entire cargo for relief of the destitute and will leave for Yokohama today.

HAYES GOES TO REFORMATORY

(From Little Falls Daily Transcript)

Donald A. Hayes, 20-year-old Brainerd man, who confessed to his part in the theft of at least three automobiles in this territory during the past month and implicated two others whom he claims were with him in committing the robberies, appeared before Judge J. A. Roeser at St. Cloud and pleaded guilty to the charge of stealing the Ford coupe belonging to Albert Cravens. This car was stolen here on the night of August 11. Hayes was sentenced to an indeterminate sentence of from one to five years in the state reformatory at St. Cloud and was at once taken to that institution to begin his sentence. He was accompanied to St. Cloud by D. M. Cameron, county attorney, Paul Felix, sheriff, and R. L. Meyers, clerk of court. His father, who came here from Brainerd Saturday, also went with them.

One of the men named by Hayes in his confession—Ted Grest—is already in jail. He was arraigned late Saturday in municipal court and waived examination. He was bound over to the fall term of district court and his bail set at \$1,500. He has so far been unable to furnish bail and is confined in the county jail where he will remain until the November term of court unless bail is secured.

The third man, named by Hayes, has not yet been taken into custody but the authorities in Fargo, Moorhead and the Twin Cities are keeping a close watch for him and his apprehension is expected shortly.

DAMAGES SOUGHT IN TABERT DEATH CASE

Grand Forks, N. D., Sept. 6.—Echoes of the Tabert case which resulted in sweeping prison reforms in Florida a few months ago and the conviction of Walter Higginbotham, convict camp whipping boss, on a murder charge as the result of the death of Martin Tabert, Munich, N. D., boy in a Florida prison camp were heard here.

G. Grimson, Cavalier county attorney, who as a special assistant attorney general for North Dakota, pressed the action in Florida, said that negotiations were under way for settlement in the damage claims for the Tabert family against the Putnam Lumber company, in whose camp Tabert died.

Mr. Grimson said indications point to satisfactory settlement in the near future, but that if the settlement plans fall through he is prepared to bring suit against the company.

STEEL BARGE REACHES WINONA ON TEST TRIP

Winona, Minn., Sept. 6.—The new selfpropelled steel barge, La Crosse, en route from St. Louis to St. Paul, was in Minnesota waters today, on its maiden trip designed to test the possibilities of freight transportation on the upper Mississippi by other than steamship and towboat methods.

The barge docked here an hour late, already 11 days out of St. Louis and continued its journey up-stream. The barge, operated by two men, travels only in the daytime.

J. S. Brodie of St. Paul, president of the River Transit company, owners of the barge, said they expected to operate it at "very low" stages of the river.

HUNTING, FISHING ATTRACT MANY TO THE LAKES HERE

BREEZY POINT LODGE CONTINUES
COMPLETE SERVICE IN
SEPTEMBER

MANY RESORTS BOOKING BUSINESS WELL INTO THE FALL MONTHS

A tourist season in the Brainerd Lake Region to be of benefit to the resort owner should be one to run full blast June, July, August and September. It is gradually working up to this requirement. This year resorts opened the middle of May and by early June the first wave of tourists started for the lakes.

July and August were very good months, so good in fact that many resorts had to turn away tourists. September, because of the beginning of the school year, causes a diminution of the tourists who are compelled to stay, home on account of school attendance of their hopefuls.

Last year the Brainerd Dispatch and the Civic & Commerce Association championed an extended tourist season to include the glorious months of September and October, when hunting and fishing are at their best, when motoring is a pleasure with cool roads and a minimum of tire and engine upkeep, when the festive mosquito has folded his wings for the year, when all nature gives its autumn, golden-tinted forewell reflected in gilded sunsets.

Last year saw a large influx of sportsmen, fishermen and hunters and they will repeat this year.

Minneapolis Journal Travel and Resort Bureau

Perry S. Williams of the Minneapolis Journal Travel and Resort Bureau states that Minnesota and surrounding resort sections this year are experiencing an actual lengthening in the travel season which is noticeably larger than in previous seasons.

Many resorts are reporting to The Journal Travel and Resort bureau that they have good business booked well into the fall, and with the hunting season to add to the regular touring season there is every evidence that the playtime in this section soon will be a six months season rather than three. The extension of the season alone will mean a huge increase in the monetary value of the tourist crop.

Truman Pierson, general manager of the Mississippi River Scenic Highway, today notified the bureau he had instituted a special fall road reporting system for the bureau because "an extensive survey along its route clearly indicates the outing season can be extended" and that "scores of prospective north country visitors from the states to the south in the Mississippi valley have asked our information bureaus for particulars regarding the northern roads in the fall of the year—are they muddy?—do you have snow early?—is the weather cold?—is fishing good?—what about the hunting?—are the hotels and camp sites still open?"

He has notified all bureaus along his route to report regularly to The Journal bureau. The campaign to increase the flow of fall tourists to this section was opened this week by The Journal from WLAG, when the story of fall touring here was broadcast.

There still is a heavy traffic here in out of state visitors.

At Breezy Point Lodge

At Breezy Point Lodge on Big Pelican Lake, Captain William H. Fawcett has announced that the resort will continue giving complete service in September. This means that the large staff of chef, assisting cooks, waiters, housekeeper, maids, clerks, etc., numbering over 50 people.

ANNOUNCEMENT

Breezy Point Lodge on Big Pelican Lake, near Pequot, will keep open the entire month of September and we invite your patronage to our a la carte cafe. The main lodge, sleeping cottages and housekeeping bungalows will be available, also our famous French chef, Francois Rerat, who is one of the greatest wild game chefs in America, will be at your service.

E. O. Webb is having a new front built on the Sleeper block, Contractor C. B. Rowley being in charge of the work. The front will be modern in every respect and add much to the appearance of the building. A deep entrance with added window space will be installed in the room occupied by John Carlson & Son.

Fifty-two merchants in Brainerd will tell you how to obtain a Ford car and nine other prizes absolutely FREE. Watch for the list of names of these merchants. "Ask your merchant." 80:2

On account of the large crowd that attended the Labor Day dance at Lum Park the park board was unable to give away the cash prizes they advertised in connection with the dance in the evening. So they are offering ten dollars in cash to be given away at the dance Friday evening, which will be known as "Lucky Spot Night."

Beautiful Modern Home
For Sale at a Bargain Price!

My residence, 423 North Broadway (corner Ivy), is for sale at a big bargain. The house has just been repainted and interior redecorated and is in prime condition throughout. Full basement (cellar, furnace room, vegetable cellar), well lighted. TALENTS AND HEALTH

You will be called upon to use your energy and foresight if you are a man of health. No business concern wants a puny, indolent clerk. Nerves emitting freely from the spinal column gives a man a balanced expression of his talents. Such men climb, climb, and keep on climbing because they can depend upon a never-failing supply of life's energy. Chiropractic Adjustments is the move that keeps the spine in alignment. Consultations, spinal analysis and booklets free.

MAE MURRAY in a Scene from "BROADWAY ROSE"

"Broadway Rose" An Instant Hit at the New Park

"In 'Broadway Rose,' which opened yesterday at the New Park theatre, Mae Murray has again added to the dramatic interest of a powerful love story a dazzling production conspicuous for its gorgeous settings and

wonderful costumes. Not the least interesting parts of the picture are those episodes where Miss Murray is given opportunity to display her ability as a dancer. There she becomes the idol of Broadway and receives the adulation which is showered on the favorites of the Gay White Way. Success in her career

only serves to increase her desire for the love and happiness which every woman craves. And so when Hugh Thompson urges her to marry him she consents in spite of the fact that she knows that his father will disinherit him for marrying a dancer. This picture will be shown for the last time tonight at the New Park.

Nebr. Miss G. A. Weatherbee, Omaha.

"BABCOCK ROADS"

Rice County Board Adopts Resolution to so Call State Trunk Highways

"Babcock Roads" will be the popular designation of Minnesota trunk routes in Rice county under a resolution recently passed by the county board of commissioners. The board initiated this plan of honoring Charles M. Babcock, state highway commissioner, who designed and is carrying out Minnesota's big highway program.

Auditor C. W. Mahlum has received a copy of the Rice county resolution with an invitation to commi-

sioners of this county to join in the plan. A general response will pave the way for approval by the next state legislature.

"Trunk highways are known as 'Babcock roads' now in most parts of the state," said the letter from Auditor Frank M. Kaisersatt of Rice county, explaining the resolution and invitation. "Our commissioners believe the least recognition that can be given Commissioner Babcock for his success in the Minnesota good roads movement is to permanently attach his name to the main routes. And that may be his greatest compensation for the public work he is executing. We take pride in the movement and trust that every other county will join to make it unanimous. Commissioner Babcock already is widely known for his work and the designation of his highway will help also to advertise the famous Minnesota roads which are attracting thousands of visitors to the state every summer. It appeals to us as an excellent way to extend deserved public recognition to our distinguished highway official."

Auditor Kaisersatt added that the

movement was started unbeknown to Mr. Babcock, of course, and for reasons obvious to friends of the commissioner.

DR. S. W. MOWERS
DIED IN SEATTLE

Dr. S. W. Mowers, formerly of the Northern Pacific hospital in this city, died Wednesday night at Seattle, according to a message received today by G. W. Mosier from the general superintendent of the Northern Pacific at Seattle.

Dr. Mowers was well known in Brainerd, where he was assistant surgeon at the N. P. hospital for many years, under Dr. Courtney. He left Brainerd to accept the position of chief surgeon at the Northern Pacific hospital in Tacoma.

He is survived by his wife, who is a daughter of Walter Davis, also a former Brainerd resident.

First Requisites.

Another knowledge is hurtful to him who has not honesty and good nature.—Montaigne.

AMUSEMENTS

Thrills in "Ebb Tide" at Lyceum

For thrills, dramatic action and exceptional appeal one can safely recommend "Ebb Tide," a Paramount picture which was shown at the Lyceum Theatre last night and which is showing again tonight for the last time. It is a delightful picturization of Robert Louis Stevenson and Lloyd Osbourne's famous story, and there isn't a dull moment in it.

Nita Naldi Talks of Vamps in Pictures

Screen vampires as well as sirens in real life are not always successful in their efforts. If you do not believe it, just read what Nita Naldi has to say. And she ought to know, for she is probably the most talked of Circe of the films today.

"When one plays vamp roles she surely has her troubles," said Miss

ALICE BRADY
in Paramount Picture
"Anna Ascends"

Naldi. "In 'Blood and Sand' I just walked away with the heart of the young bull fighter (Rodolph Valentino) but in 'Anna Ascends' I don't seem to be getting anywhere trying to steal the love of a young newspaperman (Robert Ellis.) Maybe it's because newspapermen are too hardboiled."

Miss Naldi's latest role is that of Countess Rostoff, of uncertain origin, in "Anna Ascends." Alice Brady's new Paramount picture which comes to the Lyceum Friday and Saturday. Robert Ellis plays opposite the star and David Powell has a strong role.

MONROE DOCTRINE GUIDES AMERICA'S FOREIGN POLICY

SECRETARY OF STATE CHARLES EVANS HUGHES in his address before the American Bar association at Minneapolis clearly defined America's foreign policy and the influence wielded by the Monroe doctrine.

"The Monroe doctrine," said Mr. Hughes, "is not a policy of aggression; it is a policy for self-defense."

"The attitude of America is one of independence, and not of isolation."

He reasserted this country's abstinence from entangling alliances and its many years' endorsement of a world court.

He declared that the people of the United States are still intent upon abstaining from participation in the political strife of Europe and that they wish to "reserve freedom of action in the confidence of our ability and readiness to respond to every future call of duty."

"I utterly disclaim, as unwarranted, the observations which occasionally have been made implying a claim on our part to superintend the affairs of our sister republics, to assert an overlordship, to consider the spread of our authority beyond our own domain as the aim of our policy, and to make our power the test of right in this hemisphere. I oppose all such misconceived and unsound assertions or intimations."

"They do not express our national purpose: they belie our sincere friendship. There is room in this hemisphere, without danger of collision, for complete recognition of that doctrine and the independent sovereignty of the Latin American republics."

Secretary Hughes justified defense of the Panama canal and declared that should the occasion arise making it necessary for the United States to build another such canal, this country should also control the defense of it.

The speech was a timely address and serves to the world notice of the policies of America—and one of the most important ones reiterated is that America seeks no territory. It has no desire to interfere with the policy of any other country, wishes the good will of all, but will not tolerate any interference with its own affairs.

Regarding financial aid, the secretary said it is not the policy of our government to make loans to other governments and the needed capital, if it is to be supplied at all, must be furnished by private organizations.

ITALY HUMILIATES GREECE

WITH a lack of consideration that so often characterizes the dictator, Premier Mussolini of Italy has made demands upon Greece which that country cannot accept without humiliating herself before Italy and the world. Possibly such demands would not have been made to any nation that was able to resist attack after refusing to meet them.

The killing of the five Italian members of the Greco-Albanian frontier delimitation mission was a deplorable affair, but evidence has not yet been introduced to prove that they were killed by Greeks. They may have been assassinated by Albanians. Without awaiting evidence to prove the guilt of Greeks the Italian leader has made demands upon the government of Greece that are to say the least extravagant.

Recent happenings in China in which British and American citizens were mistreated by bandits was of a similar character to the killing of the Italian members of this mission but the governments of Britain and the United States made no such demands upon the government of China as those made upon Greece by the dictatorial premier of Italy.

There is always a danger of an internal dictatorship going too far in its dealings with outside peoples. Conditions at home may dispose the people to submit to a dictatorship, but foreign nations are not disposed to humiliate themselves before such leaders. Greece may or may not accept the terms of Mussolini. If she accepts them it will be because she is too weak to refuse submission and she will humiliate herself because she is unable to resist the strength of Italian forces. In such a situation all that Italy secures is the salute of a government that instead of saluting would fight if it had fighting strength.

The sympathy of the world will go out to Greece if the demands of Mussolini are not modified. Greece, as a result of mistaken policies and largely through the influences of other nations, met the Turks in a war which was disastrous and Turkey is now in a position to dominate Greece. On top of this comes the unreasonable demands of Italy when Greece is not prepared to resist. There is certainly need for some kind of an association of nations to step in in cases of this kind to demand that the matters in dispute be considered in conference instead of issuing in what is virtually an ultimatum. The world needs a court of international scope that will have power to curb the aggressors and defend the weaker nations from the threats of the more powerful.

THE BRAINERD MUNICIPAL BAND

THE DISPATCH with others sought to have the weekly concerts of the Municipal band continued at a time when it looked as though they would not be resumed during 1923. Those who sought to secure this real value for Brainerd were gratified by the spirit in which the members of the band, under the direction of W. R. Hiller, entered upon the concert work of the season and sustained the interest right along, not only offering the program that was expected but many others that have delighted the public.

As the season draws to a close the Municipal band is appreciated by the public whose good will, more than in other years, the band has won. The concerts have been of a high order and have increasingly appealed to the music lovers of the city and to tourists who have been attracted to Gregory park and Lum park by the concerts given by the band.

More than ever in the past the citizens of Brainerd feel indebted to their musicians and the band is considered an important asset in the city's civic and social life. There are various kinds of service that may be rendered by citizens according to their training and ability and the people of Brainerd appreciate the services rendered by the members of the band whose training has qualified them to offer a splendid service to the public, a service which without them could not be secured for it is conditioned upon musical talent and training.

UNITED STATES DISTRICT COURT, District of Minnesota, Fourth Division.

S. F. Grover, Plaintiff, vs. Merritt Development Company, Defendant.
ORDER DIRECTING SALE OF LEASES.

The above entitled action having duly come on for hearing on the 4th day of August, 1923, upon the petition of Neal Crowley, Receiver of said defendant, for an order authorizing the sale of the two leases of iron mining property herein-after and in said petition described, and upon the order for hearing thereon dated July 26th, 1923, James E. Trask, Esq., appearing as attorney for said Receiver, and Harris Richardson, Esq., and C. L. Smith, Esq., appearing as attorneys for the High Grade Manganese Company; and it appearing to the Court that notice of said hearing was duly given, and that said defendant is insolvent and that it is for the best interest of defendant and its creditors that all of the remaining assets of said defendant be sold and its affairs closed, and that the principal remaining assets of said defendant consist of said above-mentioned leases and the mining machinery and equipment appertaining thereto;

And it appearing to the Court that by one of said leases the High Grade Manganese Company, the lessor therein, leased to said defendant, the lessee, the Northwest Quarter of the Southwest Quarter (NW 1/4 of SW 1/4) of Section Thirty-three (33), Township Forty-seven (47), Range Twenty-nine (29) West, situated in Crow Wing County, Minnesota, for the term from August 1, 1916, to the date of said lease, to August 1, 1937; that the forfeiture clause in said lease provides that if said lessee fails to pay said taxes or royalties the lessor may, at its option, re-enter upon said land and have possession thereof until such default of the lessee shall be removed; that by the other of said leases, the Gorham-Garrett Company, the lessor therein, leased to Charles W. Potts and others, the lessees therein, for the term of fifty (50) years after April 1, 1916, the date of said lease, the West 1/2 of the Northwest Quarter (W 1/2 of NW 1/4) of said Section Thirty-three (33); that both of said leases were for the purpose of enabling the lessee in said leases, respectively, to mine and remove from said leased property all iron and manganese ore and exercise the rights incidental thereto; that by the terms of said leases the respective lessees therein agreed to pay all taxes and assessments thereafter levied or assessed upon said land and the products therefrom, and the improvements thereon, and to pay the royalties provided by said leases; that on the 1st day of May, 1916, said last mentioned lease was duly assigned by the lessee therein named, to said defendant; that said defendant in developing mines upon the premises described in said leases has constructed and placed upon said leased premises mining shafts, with the cables, skips, machinery, buildings, tools and other necessary equipment for operating such mines; and that defendant is in possession of the whole of said leased premises;

And further appearing to the Court that said defendant is indebted under each of said leases for both taxes and royalties, that indebtedness of said defendant for royalties under its said lease from High Grade Manganese Company to the amount of twenty-eight thousand one hundred twenty-five and 21/100 dollars (\$28,125.21), including interest, and indebtedness of defendant for royalties under its said lease from the Gorham-Garrett Company to the amount of nine thousand sixty-two and 73/100 dollars (\$9,062.73), including interest, has been filed and allowed herein.

Now, Therefore, on motion of James E. Trask, attorney for said Receiver, IT IS HEREBY ORDERED that said defendant's interest therein and in the premises in each of them described, together with all of defendant's right, title and interest in the improvements, machinery, buildings, tools and other mining equipment now upon said leased premises be sold, subject to all taxes and assessments thereon, at public auction, by Neal Crowley, Receiver of Merritt Development Company, the above named defendant, at the front door of the Court House in the City of Brainerd in said Crow Wing County on the 25th day of September, 1923, at two o'clock in the afternoon of that day; that at said sale said lease by said High Grade Manganese Company together with the defendant's right, title and interest in the land described therein, and in the improvements, machinery, buildings, tools and other equipment thereon, shall be a sum equal to the amount of defendant's said indebtedness for royalties on said lease as herein allowed and all indebtedness for royalties on said lease, or in lieu thereof, a release and satisfaction in full of all said indebtedness, and in addition to such sum or release the further sum of ten thousand dollars (\$10,000.00); that the minimum price or consideration for the purchase at said sale of said lease by said Gorham-Garrett Company and defendant's right, title and interest in the land therein described and in the improvements, machinery, buildings and tools and other equipment on said land, shall be a sum equal to the amount of defendant's said indebtedness for royalties on said lease as herein allowed and all indebtedness for royalties on said lease, or in lieu thereof, a release and satisfaction in full of all said indebtedness, and in addition to such sum or release the further sum of five thousand dollars (\$5,000.00); and that the minimum price or consideration for the purchase together of said lease by said Gorham-Garrett Company and defendant's interest in the lands therein described and in the improvements, machinery, buildings, tools and other equipment thereon, in the event that said leases are not sold separately, shall be a sum equal to the amount of defendant's said indebtedness for royalties on both of said leases, and all indebtedness for royalties on said leases, or in lieu thereof, a release and satisfaction in full of all said indebtedness, and in addition to such sum or release the further sum of fifteen thousand five hundred dollars (\$15,500.00);

And Provided Further that no bids shall be accepted at said sale unless the bidder deposits with the Receiver money or by check, ten per cent (10%) of the amount of his bid; that said money or check shall be credited on account of the purchase price, in case the sale to such bidder is confirmed, the same otherwise to be returned to such bidder; that in case the sale to any bidder is confirmed by the court, notice of such confirmation shall at once be given to such bidder, who shall within five days thereafter pay the remaining ninety per cent (90%) of his bid to said receiver; to abide further order of the court, and in default thereof such bidder shall forfeit the money or check so deposited to be applied towards payment of the expenses and costs of this sale, if any, to the receiver; and that upon the confirmation of the sale of any parcel and the payment to the receiver of the amount bid therefor, the receiver shall execute

and deliver to the purchaser good and sufficient instruments of conveyance of the property hereinabove described.

And it is hereby further ordered that notice of such sale be given by publishing a copy of this order for four successive days in the Minneapolis Tribune, a newspaper printed and published in the City of Minneapolis, in the State of Minnesota, and in the City of Duluth, in said State, and also in the Plaintiff's newspaper printed and published in the City of Duluth, in said State, and in the Dispatch, a newspaper printed and published in said City of Brainerd, and mailing a copy of said order and notice to each of the creditors of said defendant whose claim has been filed and allowed herein, at least one week prior to the date of such sale.

Dated at Minneapolis, Minn., this 17th day of August, 1923.
WILBUR F. BOOTH,
704 Judge of the U. S. District Court.

Notice of Sale

PUBLIC NOTICE IS HEREBY GIVEN That sealed bids for the purchase of Eighteen Thousand Seven Hundred Dollars (\$18,700.00) Bonds of the City of Brainerd, Crow Wing County, State of Minnesota, will be received and considered by the City Council of said City on the 17th day of September, 1923, at eight (8) o'clock, P. M. at the Council Chambers in said City of Brainerd.

And that said bonds are to be issued for the purpose of payment of the necessary expenses in constructing necessary extensions, enlargements and improvements to the present general sewer; said bonds are to be dated September 1st, 1923, to be nineteen (19) in number, to be of the denomination of One Thousand Dollars (\$1,000.00) each, with the exception of bond numbered nineteen (19) which shall be of the denomination of Seven Hundred Dollars (\$700.00); said bonds to mature and be payable as follows: Two Thousand Dollars (\$2,000.00) payable on the first (1st) day of September, 1926; Two Thousand Dollars (\$2,000.00) payable on the first (1st) day of September, 1927; and every year thereafter up to and including the first day of September, 1944; and Seven Hundred Dollars (\$700.00) payable on the first (1st) day of September, 1945; all bearing interest at the rate of five (5) per cent per annum payable annually on the first (1st) day of September, and the first (1st) day of March of each year, both principal and interest of said bonds to be payable at the office of the City Clerk of said City of Brainerd, Minnesota.

All tenders to purchase must be accompanied by an unconditional certified check in the amount of five (5) per cent of the amount of the bid therefor, the City Council reserving the right to reject any and all bids therefor. Bids should be addressed to the undersigned.

This notice is given by the authority of a resolution adopted by the City Council of Brainerd, Minnesota, this 30th day of August, 1923.

MONROE DOCTRINE GUIDES AMERICA'S FOREIGN POLICY

SECRETARY OF STATE CHARLES EVANS HUGHES in his address before the American Bar association at Minneapolis clearly defined America's foreign policy and the influence wielded by the Monroe doctrine.

"The Monroe doctrine," said Mr. Hughes, "is not a policy of aggression; it is a policy for self-defense."
"The attitude of America is one of independence, and not of isolation."

He reasserted this country's abstinence from entangling alliances and its many years' endorsement of a world court.

He declared that the people of the United States are still intent upon abstaining from participation in the political strife of Europe and that they wish to "reserve freedom of action in the confidence of our ability and readiness to respond to every future call of duty."

"I utterly disclaim, as unwarranted, the observations which occasionally have been made implying a claim on our part to superintend the affairs of our sister republics, to assert an overlordship, to consider the spread of our authority beyond our own domain as the aim of our policy, and to make our power the test of right in this hemisphere. I oppose all such misconceived and unsound assertions or intimations."

"They do not express our national purpose; they belie our sincere friendship. There is room in this hemisphere, without danger of collision, for complete recognition of that doctrine and the independent sovereignty of the Latin American republics."

Secretary Hughes justified defense of the Panama canal and declared that should the occasion arise making it necessary for the United States to build another such canal, this country should also control the defense of it.

The speech was a timely address and serves to the world notice of the policies of America—and one of the most important ones reiterated is that America seeks no territory. It has no desire to interfere with the policy of any other country, wishes the good will of all, but will not tolerate any interference with its own affairs.

Regarding financial aid, the secretary said it is not the policy of our government to make loans to other governments and the needed capital, if it is to be supplied at all, must be furnished by private organizations.

ITALY HUMILIATES GREECE

WITH a lack of consideration that so often characterizes the dictator, Premier Mussolini of Italy has made demands upon Greece which that country cannot accept without humiliating herself before Italy and the world. Possibly such demands would not have been made by any nation that was able to resist attack after refusing to meet them.

The killing of the five Italian members of the Greco-Albanian frontier delimitation mission was a deplorable affair, but evidence has not yet been introduced to prove that they were killed by Greeks. They may have been assassinated by Albanians. Without awaiting evidence to prove the guilt of Greeks the Italian leader has made demands upon the government of Greece that are to say the least extravagant.

Recent happenings in China in which British and American citizens were mistreated by bandits was of a similar character to the killing of the Italian members of this mission but the governments of Britain and the United States made no such demands upon the government of China as those made upon Greece by the dictatorial premier of Italy.

There is always a danger of an internal dictatorship going too far in its dealings with outside peoples. Conditions at home may dispose the people to submit to a dictatorship, but foreign nations are not disposed to humiliate themselves before such leaders. Greece may or may not accept the terms of Mussolini. If she accepts them it will be because she is too weak to refuse submission and she will humiliate herself because she is unable to resist the strength of Italian forces. In such a situation all that Italy secures is the salute of a government that instead of saluting would fight if it had fighting strength.

The sympathy of the world will go out to Greece if the demands of Mussolini are not modified. Greece, as a result of mistaken policies and largely through the influences of other nations, met the Turks in a war which was disastrous and Turkey is now in a position to dominate Greece. On top of this comes the unreasonable demands of Italy when Greece is not prepared to resist. There is certainly need for some kind of an association of nations to step in in cases of this kind to demand that the matters in dispute be considered in conference instead of issuing in what is virtually an ultimatum. The world needs a court of international scope that will have power to curb the aggressors and defend the weaker nations from the threats of the more powerful.

UNITED STATES DISTRICT COURT,
District of Minnesota, Fourth Division.
S. P. Grover, Plaintiff, vs. Merritt Development Company, Defendant.
ORDER DIRECTING SALE OF
LEASES.

The above entitled action having duly come on for hearing on the 4th day of August, 1923, upon the petition of Neal Crowley, Receiver of said defendant, for an order authorizing the sale of the two leases of iron mining property herein-after and in said petition described, and upon the order for hearing thereon dated July 26th, 1923, James E. Trask, Esq., appearing as attorney for said Receiver, and Harris Richardson, Esq., and C. L. Smith, Esq., appearing as attorneys for the High Grade Manganese Company; and it appearing to the Court that notice of said hearing was duly given, and that said defendant is insolvent and that it is for the best interest of defendant and its creditors that all of the remaining assets of said defendant be sold and its affairs closed, and that the principal remaining assets of said defendant consist of said above-mentioned leases and the mining machinery and equipment appertaining thereto;

And it appearing to the Court that by one of said leases the High Grade Manganese Company, the lessor therein, leased to said defendant, the lessee, the Northwest Quarter of the Southwest Quarter (NW 1/4 of SW 1/4) of Section Thirty-three (33), Township Forty-seven (47), Range Twenty-nine (29) West, situated in Crow Wing County, Minnesota, for the term from August 1, 1916, the date of said lease, to August 1, 1937; that the forfeiture clause in said lease provides that if said lessee fails to pay said taxes or royalties the lessor may, at its option, re-enter upon said land and have possession thereof until a cure of default of the lessee shall be removed; that by the other of said leases, the Gorham-Garrett Company, the lessor therein, leased to Charles W. Potts and others, the lessees therein, for the term of fifty (50) years after April 1, 1916, the date of said lease, the West Half of the Northwest Quarter (W 1/2 of NW 1/4) of said Section Thirty-three (33); that both of said leases were for the purpose of enabling the lessee in said leases, respectively, to mine and remove from said leased property all iron and manganese ore and exercise the rights incidental thereto; that by the terms of said leases the respective lessees therein agreed to pay all taxes and assessments thereafter levied or assessed upon said land and the products therefrom, and the improvements thereon, and to pay the royalties provided by said leases, respectively; that on the day of May, 1916, said last mentioned lease was duly assigned by the lessees therein named, to said defendant, and that said defendant in developing mines upon the premises described in said leases has constructed and placed upon said leased premises mining shafts, with the cables, skips, machinery, buildings, tools and other necessary equipment for operating such mines; and that defendant is in possession of the whole of said leased premises;

And it further appearing to the Court that said defendant is indebted under each of said leases for both taxes and royalties, that indebtedness of said defendant for royalties under its said lease from High Grade Manganese Company to the amount of twenty-eight thousand one hundred twenty-five and 21/100 dollars (\$28,125.21), including interest, and indebtedness of defendant for royalties under its said lease from the Gorham-Garrett Company to the amount of nine thousand six hundred and 73/100 dollars (\$9,662.73), including interest, has been filed and allowed herein.

Now, Therefore, on motion of James E. Trask, attorney for said Receiver, IT IS HEREBY ORDERED that said leases, and each of them, and all of defendant's interest therein and in the premises in each of them described, together with all of defendant's right, title and interest in the improvements, machinery, buildings, tools and other mining equipment now upon said leased premises be sold subject to all taxes and assessments thereon, at public auction, by Neal Crowley, Receiver of Merritt Development Company, the above named defendant, at the Court House, in the City of Brainerd, in said Crow Wing County on the 25th day of September, 1923, at two o'clock in the afternoon of that day, and that said sale said lease by said High Grade Manganese Company, together with all of defendant's right, title and interest in the land described therein and in the improvements, machinery, buildings, tools and other equipment upon said land, be first sold separately from said Gorham-Garrett Company lease, and its appurtenances, and bids received therefor; that at said sale said Gorham-Garrett Company lease, together with all of defendant's right, title and interest in the land described therein and in the improvements, machinery, buildings and other equipment upon said land, be next offered for sale and bids received therefor; that thereafter said both of said leases, together with all of defendant's right, title and interest in the lands described therein and in the improvements, machinery, buildings, tools and other equipment upon said lands, be offered for sale together in one parcel and bids received therefor; and that all of said bids be then considered and the bid or bids accepted which will bring the highest and best price for the lands and property and such improvements and equipment to be subject to confirmation by the Court.

PROVIDED HOWEVER, AND IT IS HEREBY ORDERED that the minimum price or consideration for the purchase at said sale, of said lease, by said High Grade Manganese Company and defendant's right, title and interest in the land therein described and in the improvements, machinery, buildings and tools and other equipment upon said land, shall be a sum equal to the said amount of defendant's said indebtedness for royalties on said lease as herein allowed and all indebtedness for royalties on said lease or in lieu thereof, a release and satisfaction in full of all said indebtedness, and the further sum of ten thousand dollars (\$10,000.00); that the minimum price or consideration for the purchase at said sale of said lease, by said Gorham-Garrett Company, and defendant's right, title and interest in the land therein described and in the improvements, machinery, buildings and tools and other equipment upon said land, shall be a sum equal to the said amount of defendant's said indebtedness for royalties on said lease as herein allowed and all indebtedness for royalties on said lease or in lieu thereof, a release and satisfaction in full of all said indebtedness, and the further sum of five thousand dollars (\$5,000.00); and that the minimum price or consideration for the purchase at said sale of said both of said leases, together in one parcel, at said sale, of both of said leases, and defendant's interest in the lands therein described and in the improvements, machinery, buildings, tools and other equipment thereon, in the event that said leases are not sold separately, shall be a sum equal to the amount of defendant's said indebtedness for royalties on both of said leases, and all indebtedness for royalties on said leases, together with the sum of thirty-seven thousand one hundred eighty-seven and 91/100 dollars (\$37,187.91), including interest as herein allowed, or, in lieu thereof, a release and satisfaction in full of all said indebtedness, and the further sum of seventeen thousand five hundred dollars (\$17,500.00).

And Provided Further that no bids shall be accepted at said sale unless the bidder deposit with the Receiver, in money or by check, ten per cent (10%) of the amount of his bid; that said money or check shall be retained in escrow of the purchase price, in case the sale to such bidder is confirmed, the same otherwise to be returned to such bidder; that in case the sale to any bidder is confirmed by the court, notice of such confirmation shall at once be given to such bidder, who shall within five days thereafter pay the remaining balance of his bid, or, if he fails to do so, he shall forfeit the money or check so deposited to be applied towards payment of the expenses of the sale and the loss, if any, to the receiver's receipts for such default; and that upon the confirmation of the sale of any parcel and the payment to the receiver of the amount bid therefor, the receiver shall execute

100 PER CENT ATTENDANCE

City Council Hears Request for Curbing and Grading West Bluff Avenue

SOUTH 5TH STREET PAVING

Requests for Reimbursement for Crosswalks Made by Citizens

The city council boasted a 100 per cent attendance at its first regular meeting of the month, held Wednesday evening. Various aldermen have been absent more or less during the summer months, but with the advent of fall and winter a better attendance is anticipated.

H. E. Kundert appeared before the council and requested that the curbing and grading on West Bluff avenue, already paid for, be put in this year. Ashley McKinley, residing in the same vicinity, made a similar request. The matter was referred to the city attorney to report at the next meeting.

Joseph Hebert presented a petition for paving on South Fifth street from Laurel to Quince. The petition was ordered filed.

Cross Walks Reimbursement

Tom Wood requested reimbursement for cross walks at the corner of Kingwood and North Third streets put in during the year 1920 and paid for by the property owners. Clarence Brown made the same request for cross walks put in at the intersection of North Bluff avenue and Seventh street. The matter was left in the hands of the finance committee to report at the next meeting.

City Treasurer Richard Ilse, made a report on the city depository fund, and the report was referred to the finance committee, to check the securities of the various banks and in the case of the Commercial State bank to accept liberty bonds in lieu of security bonds. The finance committee is to make its recommendations at the next meeting of the council.

Overdraft on General Fund

The city treasurer also reported an overdraft in the general fund, and on motion a transfer was ordered made of two thousand dollars from the emergency fund to the general.

The Franson Motor Co., presented a petition for an additional gasoline pump at the Ransford garage and also for a transfer of the license for the present pump issued to A. J. Welliver. Both requests were granted.

City Officials' Reports

The reports of the clerk of the municipal court, the chief of police, city dairy inspector and city nurse were read and ordered filed. These reports will be published in the Dispatch.

The matter of storage for the street sprinkler during the winter months is to be taken up with the fire committee, with a view of storing the apparatus in the fire hall.

The street committee reported that a culvert ordered in on Vine street has not been installed, but will be in place within the next fifteen days.

Cutting Down Standpipes

The Water and Light Board was instructed to cut down its standpipes to the level of the street in various sections of the city where they are above the required level.

A request was granted for a grade on Pearl street to be furnished by the city engineer.

The matter of holes cut in the paving by the Brainerd Gas and Electric Company, and a culvert on Lake and Eight streets, Northeast, were referred to the street committee.

Washouts Reported

Sewers on South Fifth street and washouts at the Laurel street bridge were referred to the street committee.

More time was requested by the street committee to report on this part of sewer district No. 3, east of the general sewer on Maple street. The flooding of the streets at Kingwood and Fifth, Kingwood and Sixth and Kingwood and Eighth, due to catch basins clogging up, was referred to the street commissioner and street committee.

Macadam Repairs

Repairs on the macadam on North Ninth street was referred to the street committee to report at the next meeting.

On motion, the purchasing committee was instructed to buy sixty gallons of Solite gasoline for the fire department. The chief of the fire department requested the following supplies: 3 feet of chemical hose; two canisters for smoke masks and one Victor smoke mask. This was referred to the purchasing committee.

The Water and Light committee requested at a previous meeting to meet with the Water and Light

Board, asked for further time in which to report. This was granted. The police committee reported on the case of George White, and on motion the sanitary police was instructed to have him clean up his premises at once. Further city aid is refused until this order is complied with.

New Parking Ordinance
Ordinance No. 312, relating to parking on the streets of the city was given its first reading. This is a revision of a previous parking ordinance proposed at a meeting some time ago.

Two hydrants, outside the curb line were reported, and the city clerk was instructed to notify the Water and Light Board to place them back where they are supposed to be located.

Current bills were allowed, subject to the approval of the finance committee.

RUNAWAYS COME TO GRIEF; TRIP ENDS IN ST. CLOUD

Imbued with a Gypsy desire to travel and filled with the spirit of Wanderlust, two Brainerd girls, ages 15 and 16, left home yesterday to see the world. But their career of travel was short lived. The girls were picked up by St. Cloud police this morning. They had stopped at St. Cloud to visit friends, they said. The runaways were on their way to Minneapolis.

Word was received at the local police headquarters from Brainerd today requesting that the truants be returned to their homes. They were placed on a Brainerd bound train shortly before noon, and put in charge of the conductor.

Despite the curtailment of their runaway expedition, the girls were glad to return to Brainerd, voicing the old time dictum that "There's no place like home."—St. Cloud Journal Press.

BAND CONCERT GREGORY PARK

Last One of Season to be Given by the Brainerd Municipal Band

NEW DESCRIPTIVE OVERTURE

"A Hot Time in the Old Town" with "Fantasia Burlesque" Setting

The band concert this evening in Gregory park will be the last one of the season, announces Director W. R. Hiller, who expects a record breaking audience to here the swan song of this year's organization.

The band was late in starting its concert this summer, but has made up its schedule by playing on Sundays and holidays. It is felt that the season has been a most successful one. Working under difficulties at first, which were overcome in due time, the band has perfected its organization and has rendered most satisfactory concerts. Much credit is due Director Hiller for his success as leader of the band, and for his untiring efforts in raising its standards.

In tonight's program, a new descriptive overture will be featured for the first time. "A Hot Time in the Old Town" is the title, and it is described as a "Fantasia Burlesque." Following is a synopsis of the piece, which retains the original melody through all of its many changes:

The Composer illustrates how a simple melody can be used to portray different conditions and phases of life, both serious and jocular. After an introduction the song proper is heard, which is then arranged as follows:

Barcarolle, Darker dance, Largo Religioso, A Backyard band (in distress), Funeral March, Indian War Dance, Nautical Song and Hornpipe. Four "G. M." (and all is not so well, American Military Band March.

Conductor's Note: Your special attention is called to numbers 4 and 8. Half way in number 4 the clarinets "forget their tune" but the accompaniment keep the good work up persistently. After a few unsuccessful attempts to recover themselves, the Bb clarinets, desperate, "breaks out" in "O, du lieber Augustin."

Number 8 illustrates a groggy quartet, full of song and other good things, on their way home after a very damp night. They are about to part. One of the companions makes an attempt at "Hot Time" but gives up in disgust. After the clock strikes four, they join in a sad parting song. A little whistling then and a "deep" finish for the Bb Barcarolle.

Bottled Doxies.

THRESHING ON IN THE COUNTY

Work is About Half Completed and Farmers Now Filling Silos

OATS AND WHEAT THRESHED

Farmers With Silos Elated Over the Splendid Corn Crop

Threshing in Crow Wing county, according to County Agent E. G. Roth, is about half completed, and has slowed up considerably for the present, as farmers are busy filling their silos.

The rye crop is reported as running from medium to light, oats is good, and what little winter wheat there is, has threshed out good.

Farmers with silos are elated over the fine corn crop, which will have to be the principal source of feed this winter, since the hay crop in most sections is less than one-third what it usually is in normal years. Those who have alfalfa and clover fields are more fortunate than their neighbors who have had to rely on the wild hay.

The potato crop, says Mr. Roth, will not yield as heavily as early indications seemed to promise, on account of a lack of rain in the middle of the season.

Maurice LeMoine, living south of Brainerd, reports excellent crops. Mr. LeMoine's oats yielded 48 bushels to the acre, his timothy crop is exceptionally good, and he claims the tallest corn in his section. He says that a man riding horseback through the field would be completely hidden by the tall stalks.

Mr. LeMoine's place, primarily a dairy farm, is producing excellent crops, because the owner is enriching his land from the fertilizer secured from his dairy herds. He has no cause for worry on account of the feed question.

Many other farmers in the county are beginning to realize the value of combining the dairy business with their crop raising, the one assisting the other, providing profitable returns each year.

Mass-Grondin

Friday morning, August 31, at 10:30 o'clock at the home of Mr. and Mrs. P. F. Grondin, occurred the marriage of their youngest daughter, Miss Doris June to Herbert Arthur Mass, Rev. Arthur C. Smith of First Baptist church performing the ceremony.

Miss Nora Greer attended the bride and Mr. Milo M. Mayo, their brother-in-law attended the groom.

The bride is well known in this city, having a large circle of friends. The groom is an exemplary young man and is employed at the round house of the Brainerd shops.

They will make their home on 15th St., S. E., where all who know them wish them much joy through the married life.

The pleasing ceremony was witnessed by neighbors and relatives.

Many and beautiful gifts were given them. They were properly riced at the home but gave the guests a slip when they got Mr. Mayo's Chevrolet and were driven to Ft. Ripley there to board the train for Minneapolis, where they are to be guests of Mr. and Mrs. Earl Sullivan.

Sincerity Class

The Sincerity class of the Evangelical church held its regular meeting on Wednesday night at the home of Mr. and Mrs. A. G. Shanks. There was a very large attendance, a most satisfactory business session and a pleasant social hour.

Swedish Baptist Aid

The ladies aid of the Swedish Baptist church will meet at the home of Mrs. Oscar Sinner, 826 Oak St., N. E., on Friday afternoon. All members are urged to be present. Visitors are welcome.

NOTICE

Scaled bids will be received by the undersigned until Sept. 8, to remove old paint and repaint school house in district 57, two coats. Board reserves right to reject any or all bids. C. C. Skilling, Clerk Gen. Del. Brainerd. 76146042

ROTARY CLUB IS ORGANIZED IN STAPLES

C. N. Erickson, special representative of the district governor of Rotary and a member of the local club, Dr. R. A. Belse, L. R. Tanner, A. J. Hayes and H. P. Michael organized a Rotary club in Staples Tuesday night. They were well impressed with the type of men selected for the charter membership and liked their splendid spirit.

This is the first Rotary club that the Brainerd club has been instrumental in organizing.

NEW IDEA IN PICNICS

Mr. and Mrs. J. C. Callaghan Hosts at Farm Near Barrows, Offer Free Plums and Cantaloupes

Mr. and Mrs. J. C. Callaghan, residing on a farm near Barrows, have evolved a new idea in picnics. They will be hosts Sunday, September 9, at their place "Osage Melon Farm," 80 rods west of the Barrows State bank and offer a beautiful picnic ground site and many accommodations, plus free plums and small cantaloupes to all attending.

Something to be seen to be appreciated will be a stack of Winter Queen melons, 2,700 in a pile. Benches and tables will be provided for picnickers. The farm is but a short distance from Brainerd and many will tour there Sunday to see the place and enjoy the hospitality of Mr. and Mrs. Callaghan.

LION'S CLUB HAS ELECTION

County Highway Engineer Walter M. Murphy Heads Luncheon Club

I. C. STROUT IS SECRETARY

Club Anxious to Work With Other Civic Organizations of Brainerd

County Highway Engineer Walter M. Murphy, was elected president of the Brainerd Lions Club for the coming year, at the regular meeting Wednesday night.

Other officers elected are as follows:

1st Vice President—E. I. Franson.
2nd Vice President—E. G. Roth.
Secretary—I. C. Strout.
Treasurer—A. C. Mraz.
Lion Tamer—W. R. Hiller.
Tall Twister—V. L. Hitch.
Directors—D. H. Fullerton, James Alderman.

The Lions Club has outlined an extensive program of civic activities for the coming year, and the membership has pledged its loyal support to the new officers in carrying out this work.

The club is anxious to work with and assist in every way the other civic organizations of the city in any movements which are for the advancement of Brainerd and the territory from which it draws.

First Baptist Church

Prayer meeting at the First Baptist church this evening at 8 o'clock to which everyone is cordially invited.

There will be a special meeting of the board to which the members are urgently requested to be present.

Prayer Meeting

There will be prayer meeting at the Swedish Bethany church this evening at 8 o'clock. A large attendance is urged.

Don't Borrow Your Neighbors' Tools

It's the easiest thing in the world to forget to return a borrowed tool—even when one has the best of intentions to take it back.

That's why men don't like to lend tools.

Our suggestion is that every man should have a complete set of round-the-house tools and refuse to lend them to anyone—any more than he'd lend his tooth brush.

Such a set of tools is inexpensive and if properly cared for will last a lifetime.

For your set, we'd suggest:

Adjustable Wrench (8-inch)
Pipe Wrench
Half Round Bastard File, 10-inch
Silm Taper File (10-inch)
Zig-Zag Rule (6-feet)
Small Bench Vice
Combination Automatic Screw Driver and Drill
Nail Hammer, a good general purpose hammer
A Hand Saw for all around work
Small Block Plane
3/4, 1/2 and 3/8-inch wood chisels
Brace and Bits
Pliers
Wrecking Bar

JUDD WRIGHT & SON
Hardware

SYLVIA CULTURIST HERE

P. O. Anderson Will Assist City in Planting Trees in Tourist Park Addition

P. O. Anderson, sylviculturist with the state forestry department, was in the city Wednesday conferring with Forest Ranger E. H. Rhodes. Mr. Anderson looked over the new addition to the Brainerd tourist park, and agreed to assist the city in planting trees there next spring.

Forest Ranger Rhodes is experiencing considerable trouble from the numerous peat fires throughout his district. A number of such fires have just been reported around Little Falls and in the Emily country. This district, supervised by Mr. Rhodes, covering a number of counties adjacent to Crow Wing, is very dry this year, and therefore dangerous if forest fires get started this fall.

For this reason, the public is asked to make a special effort to prevent fires, and to report any conflagrations as soon as discovered, so that they may be extinguished before any headway is gained, and while they are still controllable.

The forestry department is advertising for Norway pine cones, this year's crop. These cones are sent to the extracting plant at Cloquet, where the seeds are taken out, and used in making new plantings.

Alpha Class

The Alpha class of the First Baptist church will have a food sale Saturday, September 15, at the W. E. Brockway store.

Nuxated Iron Will Increase Strength of Delicate People In Two Weeks Time

In many instances says City Physician persons have suffered for years without knowing what made them feel tired, listless and rundown when their real trouble was lack of iron in the blood—how to tell.

If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied a multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night; others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your fading vital powers for the moment, maybe at the expense of your life later on. No

matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and one of the best blood builders in the world. The only trouble was that the iron of olden times was like the iron of iron, and for these reasons they frequently did not succeed in curing the blood deficiency of the newer forms of organic iron all this has been overcome. Nuxated Iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

Manufacturers' Note: Nuxated Iron which is recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, and does not injure teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser as they will refund your money. It is dispensed in this city by all good druggists.

Old Papers---5c a Bundle

100 PER CENT

ATTENDANCE

City Council Hears Request for Curbing and Grading West Bluff Avenue

SOUTH 5TH STREET PAVING

Requests for Reimbursement for Crosswalks Made by Citizens

The city council boasted a 100 per cent attendance at its first regular meeting of the month, held Wednesday evening. Various aldermen have been absent more or less during the summer months, but with the advent of fall and winter a better attendance is anticipated.

H. E. Kunder appeared before the council and requested that the curbing and grading on West Bluff avenue, already paid for, be put in this year. Ashley McKinley, residing in the same vicinity, made a similar request. The matter was referred to the city attorney to report at the next meeting.

Joseph Hebert presented a petition for paving on South Fifth street from Laurel to Quince. The petition was ordered filed.

Cross Walks Reimbursement

Tom Wood requested reimbursement for cross walks at the corner of Kingwood and North Third streets put in during the year 1920 and paid for by the property owners. Clarence Brown made the same request for cross walks put in at the intersection of North Bluff avenue and Seventh street. The matter was left in the hands of the finance committee to report at the next meeting.

City Treasurer Richard Use, made a report on the city depository indemnities, and the report was referred to the finance committee, to check the securities of the various banks and in the case of the Commercial State bank to accept liberty bonds in lieu of security bonds. The finance committee is to make its recommendations at the next meeting of the council.

Overdraft on General Fund

The city treasurer also reported an overdraft in the general fund, and on motion a transfer was ordered made of two thousand dollars from the emergency fund to the general.

The Franson Motor Co. presented a petition for an additional gasoline pump at the Ramford garage and also for a transfer of the license for the present pump issued to A. J. Welliver. Both requests were granted.

City Officials' Reports

The reports of the clerk of the municipal court, the chief of police, city dairy inspector and city nurse were read and ordered filed. These reports will be published in the Dispatch.

The matter of storage for the street sprinkler during the winter months is to be taken up with the fire committee, with a view of storing the apparatus in the fire hall.

The street committee reported that a culvert ordered in on Vine street has not been installed, but will be in place within the next fifteen days.

Cutting Down Standpipes

The Water and Light Board was instructed to cut down its standpipes to the level of the street in various sections of the city where they are above the required level.

A request was granted for a grade on Pearl street to be furnished by the city engineer.

The matter of holes cut in the paving by the Brainerd Gas and Electric Company, and a culvert on Lake and Eighth streets, Northeast, were referred to the street committee.

Washouts Reported

Sewers on South Fifth street and washouts at the Laurel street bridge were referred to the street committee.

More time was requested by the street committee to report on that part of sewer district No. 3, east of the general sewer on Maple street. The flooding of the streets at Kingwood and Fifth, Kingwood and Sixth and Kingwood and Eighth, due to catch basins clogging up, was referred to the street commissioner and street committee.

Macadam Repairs

Repairs on the macadam on North Ninth street was referred to the street committee to report at the next meeting.

On motion, the purchasing committee was instructed to buy sixty gallons of Solite gasoline for the fire department. The chief of the fire department requested the following supplies: 2 feet of chemical hose, two canisters for smoke masks and one Victor smoke mask. This was referred to the purchasing committee.

The Water and Light committee, requested at a previous meeting to meet with the Water and Light

Board, asked for further time in which to report. This was granted.

The police committee reported on the case of George White, and on motion the sanitary police was instructed to have him clean up his premises at once. Further city aid is refused until this order is complied with.

New Parking Ordinance

Ordinance No. 312, relating to parking on the streets of the city was given its first reading. This is a revision of a previous parking ordinance proposed at a meeting some time ago.

Two hydrants, outside the curb line were reported, and the city clerk was instructed to notify the Water and Light Board to place them back where they are supposed to be located.

Current bills were allowed, subject to the approval of the finance committee.

RUNAWAYS COME TO GRIEF; TRIP ENDS IN ST. CLOUD

Imbued with a Gypsy desire to travel and filled with the spirit of Wanderlust, two Brainerd girls, age 15 and 16, left home yesterday to see the world. But their career of travel was short lived. The girls were picked up by St. Cloud police this morning. They had stopped at St. Cloud to visit friends, they said. The runaways were on their way to Minneapolis.

Word was received at the local police headquarters from Brainerd today requesting that the truants be returned to their homes. They were placed on a Brainerd bound train shortly before noon, and put in charge of the conductor.

Despite the curtailment of their runaway expedition, the girls were glad to return to Brainerd, voicing the old time dictum that "There's no place like home."—St. Cloud Journal Press.

BAND CONCERT GREGORY PARK

Last One of Season to be Given by the Brainerd Municipal Band

NEW DESCRIPTIVE OVERTURE

"A Hot Time in the Old Town" with "Fantasia Burlesque"

The band concert this evening in Gregory park will be the last one of the season, announces Director W. R. Hiller, who expects a record breaking audience to here the swan song of this year's organization.

The band was late in starting its concert this summer, but has made up its schedule by playing on Sundays and holidays. It is felt that the season has been a most successful one. Working under difficulties at first, which were overcome in due time, the band has perfected its organization and has rendered most satisfactory concerts. Much credit is due Director Hiller for his success as leader of the band, and for his untiring efforts in raising its standards.

In tonight's program, a new descriptive overture will be featured for the first time. "A Hot Time in the Old Town" is the title, and it is described as a "Fantasia Burlesque". Following is a synopsis of the piece, which retains the original melody through all of its many changes:

The Composer illustrates how a simple melody can be used to portray different conditions and phases of life, both serious and jocular.

After an introduction the song proper is heard, which is then arranged as follows:

Barcarolle, Darkey dance, Largo Religioso, A Backyard band (in distress), Funeral March, Indian War Dance, Nautical Song and Hornpipe, Four "G. M." (and all is not so well), American Military Band March.

Conductor's Note: Your special attention is called to numbers 4 and 8. Half way in number 4 the clarinets "forget their tune" but the accompaniment keep the good work up persistently. After a few unsuccessful attempts to recover themselves, the Bb clarinets, desperate, "breaks out" in "O, du lieber Augustin."

Number 8 illustrates a groggy quartet, full of song and other good things, on their way home after a very dark night. They are about to part. One of the companions makes an attempt at "Hot Time" but gives up in disgust. After the clock strikes four, they join in a sad parting song. A little whistling then and a "deep" finish for the Bb Bass, ad libitum.

THRESHING ON IN THE COUNTY

Work is About Half Completed and Farmers Now Filling Silos

OATS AND WHEAT THRESHED

Farmers With Silos Elated Over the Splendid Corn Crop

Threshing in Crow Wing county, according to County Agent E. G. Roth, is about half completed, and has slowed up considerably for the present, as farmers are busy filling their silos.

The rye crop is reported as running from medium to light, oats is good, and what little winter wheat there is, has threshed out good.

Farmers with silos are elated over the fine corn crop, which will have to be the principal source of feed this winter, since the hay crop in most sections is less than one-third what it usually is in normal years.

Those who have alfalfa and clover fields are more fortunate than their neighbors who have had to rely on the wild hay.

The potato crop, says Mr. Roth, will not yield as heavily as early indications seemed to promise, on account of a lack of rain in the middle of the season.

Maurice LeMoine, living south of Brainerd, reports excellent crops. Mr. LeMoine's oats yielded 48 bushels to the acre, his tame hay crop is exceptionally good, and he claims the tallest corn in his section.

He says that a man riding horseback through the field would be completely hidden by the tall stalks.

Mr. LeMoine's place, primarily a dairy farm, is producing excellent crops, because the owner is enriching his land from the fertilizer secured from his dairy herds. He has no cause for worry on account of the feed question.

Many other farmers in the county are beginning to realize the value of combining the dairy business with their crop raising, the one assisting the other, providing profitable returns each year.

Mass-Grondin

Friday morning, August 31, at 10:30 o'clock at the home of Mr. and Mrs. P. F. Grondin, occurred the marriage of their youngest daughter, Miss Doris June to Herbert Arthur Mass, Rev. Arthur C. Smith of First Baptist church performing the ceremony.

Miss Nora Greer attended the bride and Mr. Milo M. Mayo, their brother-in-law attended the groom.

The bride is well known in this city, having a large circle of friends. The groom is an exemplary young man and is employed at the round house of the Brainerd shops.

They will make their home on 15th St. S. E., where all who know them wish them much joy through the married life.

The pleasing ceremony was witnessed by neighbors and relatives. Many and beautiful gifts were given them.

They were properly riced at the home but gave the guests a slip when they got Mr. Mayo's Chevrolet and were driven to Ft. Ripley there to board the train for Minneapolis, where they are to be guests of Mr. and Mrs. Earl Sullivan.

Sincerity Class

The Sincerity class of the Evangelical church held its regular meeting on Wednesday night at the home of Mr. and Mrs. A. G. Shanks. There was a very large attendance, a most satisfactory business session and a pleasant social hour.

Swedish Baptist Aid

The ladies aid of the Swedish Baptist church will meet at the home of Mrs. Oscar Snay, 820 Oak St., N. E., on Friday afternoon. All members are urged to be present. Visitors are welcome.

NOTICE

Scaled bids will be received by the undersigned until Sept. 8, to remove old paint and repaint school house in district 57, two coats. Board reserves right to reject any or all bids. C. C. Skilling, Clerk Gen. Del. Brainerd. 7674eddp

ROTARY CLUB IS ORGANIZED IN STAPLES

C. N. Erickson, special representative of the district governor of Rotary and a member of the local club, Dr. R. A. Beise, L. R. Tanner, A. J. Hayes and H. F. Michael organized a Rotary club in Staples Tuesday night. They were well impressed with the type of men selected for the charter membership and liked their splendid spirit.

This is the first Rotary club that the Brainerd club has been instrumental in organizing.

NEW IDEA IN PICNICS

Mr. and Mrs. J. C. Callaghan Hosts at Farm Near Barrows, Offer Free Plums and Cantaloupes

Mr. and Mrs. J. C. Callaghan, residing on a farm near Barrows, have evolved a new idea in picnics. They will be hosts Sunday, September 9, at their place "Osage Melon Farm," 80 rods west of the Barrows State bank and offer a beautiful picnic ground site and many accommodations, plus free plums and small cantaloupes to all attending.

Something to be seen to be appreciated will be a stack of Winter Queen melons, 2,700 in a pile. Benches and tables will be provided for picnickers. The farm is but a short distance from Brainerd and many will tour there Sunday to see the place and enjoy the hospitality of Mr. and Mrs. Callaghan.

LION'S CLUB HAS ELECTION

County Highway Engineer Walter M. Murphy Heads Luncheon Club

I. C. STROUT IS SECRETARY

Club Anxious to Work With Other Civic Organizations of Brainerd

County Highway Engineer Walter M. Murphy, was elected president of the Brainerd Lions Club for the coming year, at the regular meeting Wednesday night.

Other officers elected are as follows:

1st Vice President—E. I. Franson, 2nd Vice President—E. G. Roth, Secretary—I. C. Strout, Treasurer—A. C. Mraz, Lion Tamer—W. R. Hiller, Tail Twister—V. L. Hitch, Directors—D. H. Fullerton, James Alderman.

The Lions Club has outlined an extensive program of civic activities for the coming year, and the membership has pledged its loyal support to the new officers in carrying out this work.

The club is anxious to work with and assist in every way the other civic organizations of the city in any movements which are for the advancement of Brainerd and the territory from which it draws.

First Baptist Church
Prayer meeting at the First Baptist church this evening at 8 o'clock to which everyone is cordially invited.

There will be a special meeting of the board to which the members are urgently requested to be present.

Prayer Meeting

There will be prayer meeting at the Swedish Bethany church this evening at 8 o'clock. A large attendance is urged.

Don't Borrow Your Neighbors' Tools

It's the easiest thing in the world to forget to return a borrowed tool—even when one has the best of intentions to take it back.

That's why men don't like to lend tools.

Our suggestion is that every man should have a complete set of round-the-house tools and refuse to lend them to anyone—any more than he'd lend his tooth brush.

Such a set of tools is inexpensive and if properly cared for will last a lifetime.

For your set, we'd suggest:

Adjustable Wrench (8-inch)
Pipe Wrench
Half Round Bastard File, 19-inch
Slim Taper File (10-inch)
Zig-Zag Rule (6-feet)
Small Bench Vice
Combination Automatic Screw Driver and Drill
Nail Hammer, a good general purpose hammer
A Hand Saw for all around work
Small Block Plane
3/4, 1/2 and 3/8-inch wood chisels
Brace and Bits
Pliers
Wrecking Bar

SYLVIACULTURIST HERE

P. O. Anderson Will Assist City in Planting Trees in Tourist Park Addition

P. O. Anderson, sylviculturist with the state forestry department, was in the city Wednesday conferring with Forest Ranger E. H. Rhodes. Mr. Anderson looked over the new addition to the Brainerd tourist park, and agreed to assist the city in planting trees there next spring.

Forest Ranger Rhodes is experiencing considerable trouble from the numerous peat fires throughout his district. A number of such fires have just been reported around Little Falls and in the Emily country.

This district, supervised by Mr. Rhodes, covering a number of counties adjacent to Crow Wing, is very dry this year, and therefore dangerous if forest fires get started this fall.

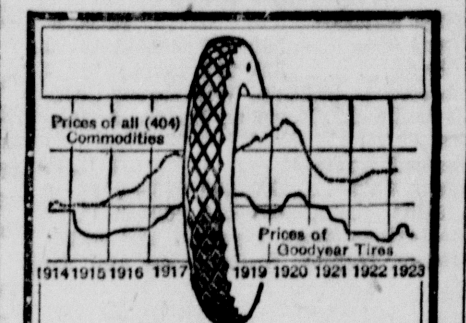

For this reason, the public is asked to make a special effort to prevent fires, and to report any conflagrations as soon as discovered, so that they may be extinguished before any headway is gained, and while they are still controllable.

The forestry department is advertising for Norway pine cones, this year's crop. These cones are sent to the extracting plant at Cloquet, where the seeds are taken out, and used in making new plantings.

Alpha Class

The Alpha class of the First Baptist church will have a food sale Saturday, September 15, at the W. E. Brockway store.

The New Crop of
WILD RICE
is in and we have it for sale in any quantity.

Nuxated Iron Will Increase Strength of Delicate People In Two Weeks Time

In many instances says City Physician persons have suffered for years without knowing what made them feel tired, listless and rundown when their real trouble was lack of iron in the blood—how to tell.

If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied a multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; they can't sleep at night, others are sleepy and tired all day; some fussy and irritable; some thin and nervous, but all lack playfulness and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your fading vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and one of the best blood builders in the world. The only trouble was that the old forms of inorganic iron like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated Iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

Manufacturers' Note: Nuxated Iron which is recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, and does not injure teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.

Old Papers—5c a Bundle

SPORTS

CIRCUS AND FIGHT ALL IN ONE RING

By HENRY L. FARRELL
United Press Sports Editor

New York, Sept. 6.—From the showman's point of view the most attractive contests that can be staged in sport are those in which international contestants can be pitted against each other.

Few really figured that Georges Carpentier had a chance to win the heavyweight championship from Jack Dempsey, but the international color was so strong that a record crowd paid a record sum to see the fight.

Perhaps there have been better races all season and no doubt there may be better races in the future than the international mile and a half race to be run between Papyrus, the English Derby winner, and a three-year-old American horse at Belmont Park on October 20, but that race will draw a tremendous crowd because it is an international event.

Thousands have flocked to the Davis Cup tennis matches to see the American team defend the trophy, when there was no reason to believe that the foreign team of challengers had more than a fluke chance for a victory.

For the same reasons, the coming heavyweight championship fight between Jack Dempsey and Luis Firpo has developed into a spectacle almost as attractive as the bout between the champion and the French Georges.

Critics are almost unanimous in granting Firpo only an outside chance to win the championship from Dempsey and sentiment is just as strong that a contest between the champion and Harry Wills would be more of an even match.

Firpo was Tex Rickard's choice, because Rickard knows fight fans and he saw in the shaggy headed, huge South American the type of fighter that would appeal in a rather romantic and primitive way to the public.

Thousands of fans will pay thousands and thousands of millions to see the match, because, in addition to many of its circus trimmings, it is known that as long as it lasts it will be a fight.

Once at the ringside for a big fight, the most refined and cultured spectators are thrown back to a primitive state, in which the desire for primitive fighting is paramount.

Tommy Gibbons is the greatest boxer of all the heavyweights. He is the only fighter in the world who has stayed fifteen rounds with Dempsey. But in spite of that, not one-third of the crowd that will watch Firpo make his stand, would be attracted to another meeting between Gibbons and Dempsey.

Firpo is crude, awkward and inexperienced, but he has in him the power to knock out any man upon whom he lands. No other fighter in the ring can carry such a threat against the champion, and it is the assurance that the fight will end one way or another in a knockout that will draw the crowd.

WILCOX KILLED IN RACE AT ALTOONA

Altoona, Pa., Sept. 6.—Howard Wilcox, 35 years old, Indianapolis, was killed almost instantly when a wheel of his Duesenberg Special flew off, as he was coming by the southern end of the bowl, throwing it into the enclosure in the 200 mile race here. His neck was broken and his chest crushed. He was running in second place when the accident occurred.

A crowd of 50,000, nearly equal to that driven away by Monday's rain, witnessed the race.

Eddie Hearne, in a Durant Special, won the race, finishing the 200 miles in 107 1/2 minutes, an average of 111.6 miles per hour.

Jerry Wondertich, also driving a Durant, finished second; Dave Lewis in a Duesenberg, finished third.

Wilcox was one of the oldest drivers in the race and is described as a clean living man. He was married and leaves two small children.

Cass Lake Nine Wins Bemidji Baseball Meet

Bemidji, Sept. 6.—The Cass Lake baseball team won the northern Minnesota championship tournament here, when it defeated the local nine, 9 to 3. Cass Lake defeated Bagley in the first game, 17 to 3. Nunn was on the mound for the winners and was in good form, holding the losers to three hits. Cass Lake winds up the season with 17 victories and 8 defeats.

American Stars Enter Canadian Women's Meet

Montreal, Sept. 6.—One of the strongest international fields in the history of the event will compete for the Canadian women's golf championship here, beginning Sept. 17.

American entries include Miss Glenna Collett, of Providence, national title-holder; Miss Alexa Stirling, of New York, and Mrs. Dorothy Campbell Hurd, of Boston, former holders of both the American and Canadian championships. England will be represented by Mrs. W. A. Gavin, Mrs. Alan MacBeth, and Miss Edith Leitch.

Other Americans entered include Miss Audrey Faust, St. Louis; Miss Higbee and Mrs. Chaulding, Buffalo, N. Y.; Miss Meehan and Mrs. Meehan of Philadelphia.

Pacer Drops Dead

Bloomington, Ill., Sept. 6.—Red View, 2:07 1/2 pace, dropped dead just as he finished the 2:14 pace at the Fairbury fair. The race in which he died was the 115th in which he had taken part, and in only five of that number did he fail to finish in the money. He was 15 years old.

Grand American Handicap

The Grand American Handicap event at targets was inaugurated in 1900, and in that year Rollo Heikes was the winner with 91 out of 100 at 22 yards.

WHO WINS IN A DOUBLE KNOCKOUT?

San Antonio, Sept. 6.—Boxing in a drizzling rain, in an open arena, a double knockout was registered by Gene La Rue, Canadian flyweight champion, and Kid Pancho, claimant of the southern flyweight title, in the fourth round of a scheduled 12 round bout. With the ring drenched with a steady downpour, both came from their corners and simultaneously hit each other with terrific punches, La Rue landing a left to the jaw and Pancho connecting with a right to the chin. The impact of the blows caused each man to fall face down, and both were counted out. On gaining consciousness, La Rue, in delirium, struck the referee and everyone who attempted to check him from attacking the unconscious Pancho. Both had scored a knockdown in the previous rounds.

LODGE HAS BATTLE IN AND OUT OF ARENA

St. Paul, Sept. 6.—Walter (Farmer) Lodge, St. Paul heavyweight fighter, Tuesday filed suit in district court here for a divorce from Bessie Lodge, charging her with desertion. The complaint recites that they each are 30 years old, and were married at Minneapolis April 28, 1920. She deserted him, he alleges, Feb. 2, 1921. He asks for an absolute divorce. Lodge now is at the training camp of Champion Jack Dempsey, at Saratoga, N. Y., helping condition the champion for his coming bout with Firpo.

The Right Place

A northern man, spending the summer in the south, went to see the last game of a series between two local teams. For a time he could not observe any umpire, but at last he spied him sitting up in the grandstand among the spectators.

"Great guns, man!" the northerner exclaimed to a native. "What's the umpire doing up in the grandstand?"

"Well," the native explained, "the spectators used to accuse him of bum work so much that he allowed that if the folks up in the grandstand could see every play so turned good, he'd better go up there to do his umpiring."

EARTH TREMORS STILL SHAKING TOKIO, JAPAN

(Continued From Page 1)

the direction of the palace. Smoke appeared from every quarter, and within a few minutes the principal parts of the city were red with flames.

BRITISH REFUGEES TELL THEIR STORIES

London, Sept. 6.—Damage by earth shocks and fire in the business and official districts of Tokyo is smaller than at first reported, according to 400 British refugees reaching Kobe, whose stories were cabled here by the British consul.

The foreign office, the admiralty and department of justice buildings are intact, according to the British version.

OFFICIAL ESTIMATES ON TOLL OF DEAD

By MOTO TAKATO,
(Assistant Foreign Editor of the Osaka Mainichi)
Osaka, Sept. 6.—The toll of dead at Tokyo and Yokohama as a result of Saturday's earthquake is officially estimated as between 30,000 and 40,000.

The number of houses destroyed is estimated at 250,000. Most of these were burned in the numerous fires that broke out after the first quake.

One of the most serious instances of property destruction was the burning of the imperial university, which contained half a million invaluable books.

17 FOREIGNERS DEAD AT YOKOHAMA

Shanghai, Sept. 6.—Seventeen foreigners are dead at Yokohama, while the foreigners in Tokyo escaped death, according to a wireless message from the British cruiser Despatch.

YOKOHAMA HAS BEEN ANNIHILATED

San Francisco, Sept. 6.—Thirty thousand killed, one hundred thousand injured, and 350,000 buildings destroyed in Tokyo is the latest estimate of the toll of Saturday's earthquake and subsequent fire, made by the Japanese ministry, according to a message received by the Radio Corporation of America here today. The radiogram was sent by the government wireless station at Tomioka.

"Yokohama has been annihilated," the message said.

Measures are being taken, the radiogram declared, to guard foreigners against suffering.

MAJOR CRANE OF AMERICAN EMBASSY LOST

Washington, Sept. 6.—Major Crane of the American embassy staff at Tokio and Mrs. Crane were reported to the State Department today as missing in a message from Ambassador Woods.

Woods reported in a previous message that all the rest of the embassy personnel were safe.

The two cables were received from Woods after a long wait for information.

"Entire embassy Yokohama reported safe with exception of Major and Mrs. Crane not yet heard from. Consul Kirjosoff and family and Miss Doris Babbitt reported killed."

The Department thought the first message was somewhat delayed in transmission as earlier advices reported the two members of the Kirjosoff family saved.

Lieut.-Col. Charles Burnett, of Springfield, Ill., military attaché at Tokio, reported killed in the wreck of a train during the earthquake, is safe according to a message received from him by the War department today. Burnett was notified that Major W. J. Crane and Mrs. Crane had left the embassy before the disaster and are reported safe. This is the Major Crane reported missing. Crane is a language officer whose home is in New Mexico. Burnett's message was from Iwaki, a Japanese radio station near Tokio.

3 HOTELS HURLED OVER A CLIFF

Pekin, Sept. 6.—Three hotels in the bluff residence of Yokohama were hurled over a cliff by the first tremendous earth shock and their occupants dashed to death, according to an eye witness of what is perhaps the most terrible incident of the quake disaster.

Only a few pitiful refugees survived the disaster, the witness, Rodrick O. Mattheson, correspondent of the Chicago Tribune, said upon arrival at Kobe. A majority of the residents of the bluffs districts perished.

Reverseness.

One of the hardest things to understand is how the fellow who used to ride to work on a street car—and got there on time—now seems to think he has to drive past all the street cars in town to get down to work at the same hour.

The Secret of Good Baked Beans

KITCHEN BOUQUET does for baked beans what it does for gravies—greatly adds to their flavor and improves their color.

In Boston, where the preparation of all kinds of beans has reached a perfection that is the despair of all other sections, KITCHEN BOUQUET is most liberally used.

Preparing for the oven, add a tablespoonful to a quart of beans. Prepare your beans the Boston way.

SPORTS

CIRCUS AND FIGHT ALL IN ONE RING

By HENRY L. FARRELL
United Press Sports Editor

New York, Sept. 6.—From the showman's point of view the most attractive contests that can be staged in sport are those in which international contestants can be pitted against each other.

Few really figured that Georges Carpentier had a chance to win the heavyweight championship from Jack Dempsey, but the international color was so strong that a record crowd paid a record sum to see the fight.

Perhaps there have been better races all season and no doubt there may be better races in the future than the international mile and a half race to be run between Papyrus, the English Derby winner, and a three-year-old American horse at Belmont Park on October 26, but that race will draw a tremendous crowd because it is an international event.

Thousands have flocked to the Davis Cup tennis matches to see the American team defend the trophy, when there was no reason to believe that the foreign team of challengers had more than a fluke chance for a victory.

For the same reasons, the coming heavyweight championship fight between Jack Dempsey and Luis Firpo has developed into a spectacle almost as attractive as the bout between the champion and the French Georges.

Critics are almost unanimous in granting Firpo only an outside chance to win the championship from Dempsey and sentiment is just as strong that a contest between the champion and Harry Wills would be more of an even match.

Firpo was Tex Rickard's choice, because Rickard knows fight fans and he saw in the shaggy headed, huge South American the type of fighter that would appeal in a rather romantic and primitive way to the public.

Thousands of fans will pay thousands and thousands of millions to see the match, because, in addition to many of its circus trimmings, it is known that as long as it lasts it will be a fight.

Once at the ringside for a big fight, the most refined and cultured spectators are thrown back to a primitive state, in which the desire for primitive fighting is paramount.

Tommy Gibbons is the greatest boxer of all the heavyweights. He is the only fighter in the world who has stayed fifteen rounds with Dempsey. But in spite of that, not one-third of the crowd that will watch Firpo make his stand, would be attracted to another meeting between Gibbons and Dempsey.

Firpo is crude, awkward and inexperienced, but he has in him the power to knock out any man upon whom he lands. No other fighter in the ring can carry such a threat against the champion, and it is the assurance that the fight will end one way or another in a knockout that will draw the crowd.

WILCOX KILLED IN RACE AT ALTOONA

Altoona, Pa., Sept. 6.—Howard Wilcox, 35 years old, Indianapolis, was killed almost instantly when a wheel of his Dusenbergs Special flew off, as he was coming by the southern end of the bowl, throwing it into the enclosure in the 200 mile race here. His neck was broken and his chest crushed. He was running in second place when the accident occurred.

A crowd of 50,000, nearly equal to that driven away by Monday's rain, witnessed the race.

Eddie Hearne, in a Durant Special, won the race, finishing the 200 miles in 107½ minutes, an average of 111.6 miles per hour.

Jerry Wondrich, also driving a Durant, finished second; Dave Lewis in a Dusenbergs, finished third.

Wilcox was one of the oldest drivers in the race and is described as a clean living man. He was married and leaves two small children.

Cass Lake Nine Wins Bemidji Baseball Meet

Bemidji, Sept. 6.—The Cass Lake baseball team won the northern Minnesota championship tournament here, when it defeated the local nine, 9 to 3. Cass Lake defeated Bagley in the first game, 17 to 3. Nunn was on the mound for the winners and was in good form, holding the losers to three hits. Cass Lake winds up the season with 17 victories and 8 defeats.

American Stars Enter Canadian Women's Meet

Montreal, Sept. 6.—One of the strongest international fields in the history of the event will compete for the Canadian women's golf championship here, beginning Sept. 17.

American entries include Miss Glenna Collett, of Providence, national title-holder; Miss Alexa Stirling, of New York, and Mrs. Dorothy Campbell Hurd, of Boston, former holders of both the American and Canadian championships. England will be represented by Mrs. W. A. Gavin, Mrs. Alan MacBeth, and Miss Edith Leitch.

Other Americans entered include Miss Audrey Faust, St. Louis; Miss Higbee and Mrs. Chaundling, Buffalo, N. Y.; Miss Meehan and Mrs. Meehan of Philadelphia.

Pacer Drops Dead

Bloomington, Ill., Sept. 6.—Red View, 2:07½ pace, dropped dead just as he finished the 2:14 pace at the Fairbury fair. The race in which he died was the 115th in which he had taken part, and in only five of that number did he fail to finish in the money. He was 15 years old.

Grand American Handicap

The Grand American Handicap event at targets was inaugurated in 1900, and in that year Rollo Heikes was the winner with 91 out of 100 at 22 yards.

WHO WINS IN A DOUBLE KNOCKOUT?

San Antonio, Sept. 6.—Boxing in a drizzling rain, in an open arena, a double knockout was registered by Gene La Rue, Canadian flyweight champion, and Kid Pancho, claimant of the southern flyweight title, in the fourth round of a scheduled 12 round bout. With the ring drenched with a steady downpour, both came from their corners and simultaneously hit each other with terrific punches, La Rue landing a left to the jaw and Pancho connecting with a right to the chin. The impact of the blows caused each man to fall face down, and both were counted out. On gaining consciousness, La Rue, in delirium, struck the referee and everyone who attempted to check him from attacking the unconscious Pancho. Both had scored a knockdown in the previous rounds.

LODGE HAS BATTLE IN AND OUT OF ARENA

St. Paul, Sept. 6.—Walter (Farmer) Lodge, St. Paul heavyweight fighter, Tuesday filed suit in district court here for a divorce from Bessie Lodge, charging her with desertion. The complaint recites that they each are 39 years old, and were married at Minneapolis April 28, 1920. She deserted him, he alleges, Feb. 2, 1921. He asks for an absolute divorce. Lodge now is at the training camp of Champion Jack Dempsey, at Saratoga, N. Y., helping condition the champion for his coming bout with Firpo.

The Right Place

A northern man, spending the summer in the south, went to see the last game of a series between two local teams. For a time he could not observe any umpire, but at last he spied him sitting up in the grandstand among the spectators. "Great guns, man!" the northerner exclaimed to a native. "What's the umpire doing up in the grandstand?" "Well," the native explained, "the spectators used to accuse him of bum work so much that he allowed that if the folks up in the grandstand could see every play so durned good, he'd better go up there to do his umprinin'."

EARTH TREMORS STILL SHAKING TOKIO, JAPAN

(Continued From Page 1)

the direction of the palace. Smoke appeared from every quarter, and within a few minutes the principal parts of the city were red with flames.

BRITISH REFUGEES TELL THEIR STORIES

London, Sept. 6.—Damage by earth shocks and fire in the business and official districts of Tokio is smaller than at first reported, according to 400 British refugees reaching Kobe, whose stories were cabled here by the British consul.

The foreign office, the admiralty and department of justice buildings are intact, according to the British version.

OFFICIAL ESTIMATES ON TOLL OF DEAD

By MOTO TAKATO, (Assistant Foreign Editor of the Osaka Mainichi)

Osaka, Sept. 6.—The toll of dead at Tokio and Yokohama as a result of Saturday's earthquake is officially estimated as between 30,000 and 40,000.

The number of houses destroyed is estimated at 250,000. Most of these were burned in the numerous fires that broke out after the first quake.

One of the most serious instances of property destruction was the burning of the imperial university, which contained half a million invaluable books.

17 FOREIGNERS DEAD AT YOKOHAMA

Shanghai, Sept. 6.—Seventeen foreigners are dead at Yokohama, while the foreigners in Tokio escaped death, according to a wireless message from the British cruiser Despatch.

YOKOHAMA HAS BEEN ANNIHILATED

San Francisco, Sept. 6.—Thirty thousand killed, one hundred thousand injured, and 350,000 buildings destroyed in Tokio is the latest estimate of the toll of Saturday's earth-

quake and subsequent fire, made by the Japanese ministry, according to a message received by the Radio Corporation of America here today. The radiogram was sent by the government wireless station at Tomioka.

"Yokohama has been annihilated," the message said.

Measures are being taken, the radiogram declared, to guard foreigners against suffering.

MAJOR CRANE OF AMERICAN EMBASSY LOST

Washington, Sept. 6.—Major Crane of the American embassy staff at Tokio and Mrs. Crane were reported to the State Department today as missing in a message from Ambassador Woods.

Woods reported in a previous message that all the rest of the embassy personnel were safe.

The two cables were received from Woods after a long wait for information.

"Entire embassy Yokohama reported safe with exception of Major and Mrs. Crane not yet heard from. Consul Kirjosoff and family and Miss Doris Babbitt reported killed."

The Department thought the first message was somewhat delayed in transmission as earlier advices reported the two members of the Kirjosoff family saved.

Lieut. Col. Charles Burnett, of Springfield, Ill., military attaché at Tokio, reported killed in the wreck of a train during the earthquake, is safe according to a message received from him by the War department today. Burnett was notified that Major W. J. Crane and Mrs. Crane had left the embassy before the disaster and are reported safe. This is the Major Crane reported missing. Crane is a language officer whose home is in New Mexico. Burnett's message was from Iwaki, a Japanese radio station near Tokio.

3 HOTELS HURLED OVER A CLIFF

Pekin, Sept. 6.—Three hotels in the bluff residence of Yokohama were hurled over a cliff by the first tremendous earth shock and their occupants dashed to death, according to an eye witness of what is perhaps the most terrible incident of the quake disaster.

Only a few pitiful refugees survived the disaster, the witness, Rodrick O. Mattheson, correspondent of the Chicago Tribune, said upon arrival at Kobe. A majority of the residents of the bluffs districts perished.

Reverseness.

One of the hardest things to understand is how the fellow who used to ride to work on a street car—and got there on time—now seems to think he has to drive past all the street cars in town to get down to work at the same hour.

The Secret of Good Baked Beans

KITCHEN BOUQUET does for baked beans what it does for gravies—greatly adds to their flavor and improves their color.

In Boston, where the preparation of all kinds of beans has reached a perfection that is the despair of all other sections, KITCHEN BOUQUET is most liberally used.

Preparing for the oven, add a tablespoonful to a quart of beans. Prepare your beans the Boston way.

KITCHEN BOUQUET
